Everything was quiet, the stars of silver pelt shone above the ShadowClan camp. Every cat was asleep in their nest except for one. The medicine cat look worried, Yellowfang sorted herbs whilst thinking of her son.

She herd paw steps behind her, she turned around to see the deputy, Raggedpelt. "Are you thinking about him again?" He growled.

Yellowfang nodded, "he will bring the end to the clans, he's a curse."

Raggedpelt glared at her, "no he will not! He will be the greatest warrior ever!"

"He is a curse, he will bring the clans down in fear, shouldn't you listen to a medicine cat!" YellowFang's snarled, she gasped as she saw a vision. A P/C cat with shimmering E/C eyes emerged from a bright light, defending BrokenPaw from some apprentices at a gathering, she then saw this cat at what appears to be their warriors ceremony, licking what seems to be TallStar's shoulder, her warrior name was cheered, but was only heard as a blue.

"There is hope!" The grey she-cat meowed, "a cat will help him escape the evil, like an angel. It looks as if this cat is from WindClan!"

Raggedpelt raised a brow, "well we will have to look out for this cat at the next gathering I suppose," he growled, "but I doubt that BrokenPaw will need any help from an 'Angel',"

The deputy padded out of the den, Yellowfang sighed, "if StarClan gave me this message," she mumbled, "then my son will be evil if this cat never comes to his aid."

~•🌿Chapter 1🌿•~

[image]

You yawn as you padded out of the apprentices den, you looked around camp to see a few warriors awake, however you couldn't see your mentor DeadFoot anywhere. You sighed and grabbed a rabbit from the fresh kill pile, you ate in silence as you think about a certain dream you kept in having, see in a dark tabby apprentice being bullied and you always run in to protect him.
"I wonder what's the meaning of the dream?" You mumbled as you took another bite of your rabbit.

"What dream?" You heard someone ask, looking up you saw WebPaw with a real bit in his jaws. You widened your eyes, "oh it's n-nothing important!" WebPaw just shrugged it off and ate his rabbit next to you.

Once you finished, you heard the call of DeadFoot, "Y/A/N, WebPaw, it's time for training!" MudClaw was waiting with DeadFoot.

"Come on WebPaw!" You chirped, the grey apprentice followed, you were close to becoming a warrior you were around 9 moons old, with WebPaw being 6 moons, he only started his training around three sunrises ago.

"Right, today Y/A/N, we will be helping WebPaw with learning how to hunt," DeadFoot mewed, you nodded in excitement.

"So, WebPaw," MudClaw meowed, "try and do a hunting crouch." The apprentice crouched down, he ears flattened, he moved slowly forward. "Not bad for your first try."

DeadFoot turned his green gaze towards you, "how about you show him how it's done." You showed you WebPaw to first sniff the air, you went into a crouch and you stepped lightly, placing your weight on your body. "Well Done, Y/A/N, WebPaw how about to practice a bit more then you can try and hunt on your own,"

MudClaw meowed.

After a bit of practice, WebPaw was sent out to catch a rabbit, you watched from a distance with DeadFoot and MudClaw. WebPaw stalked the rabbit and lunges at it, nipping it's neck and killing it.

"Great Job, WebPaw!" MudClaw praised, WebPaw smiled with his catch in jaws.

"Let's go back to camp, rest up because we have the gathering tonight," DeadFoot mewed, you and WebPaw nodded and raced of back to camp, whilst DeadFoot and MudClaw padded behind.

~•TimeSkip•~

You arrived at the gathering with WebPaw, but your mind kept lingering to the recurring dream, you saw YellowFang of ShadowClan, along with Raggedpelt by her side, looking around the clearing, you flicked your ears, wondering what or who she's looking for. Your thoughts were interrupted from distant laughter.

"Well, I see that Cedarstar actually brought you to a gathering for the first time!" You heard someone snicker.

"I guess he finally saw something in you, what a surprise since your so terrible at everything," another joined in.

You looked around to see an apprentice, around your age, being tormented, he was a dark tabby with amber eyes, that's when you realised, it's the apprentice from your dream. No one stopped the bullying, YellowFang just watched on.

The apprentices continued until you couldn't take it anymore, you rise to your paws and went in from of the tabby Tom, tail lashing and teeth bared.

"Haven't you herd of the truce?" You snarled, the two bullies just laughed.

"Wow BrokenPaw, a she-cat coming to aid you!"

"How about you pick on someone else, I'm sure he is a better hunter

then you, he may become leader on day!" You snapped.

Before the two bullies could respond, their mentors scolded them and took them away. You sighed in relief and turned around to face the dark tabby, his eyes gazed at you with amazement.

"Are you ok?" You mewed, BrokenPaw nodded.

"Y-yes I'm fine, thanks for the support," he mewed. You sat beside him.

"So how long have you been an apprentice?" You asked.

BrokenStar looked at you, "around 10 moons," He meowed.

"I've been one for 9 moons," you responded. "If you don't mind me asking, why were they bullying you?"

BrokenPaw just sighed, "I think it's because I don't know who my mother is, I've been fostered by Lizardstripe but she neglected me, so much so that she didn't feed me at times."

"Who's your mentor?" You murmured, BrokenPaw snarled under his breath and looked at a black Tom talking with OneWhisker.

"NightPelt over there, I never listen to him though."

"I think you should, you only have two moons of training left."

BrokenPaw then looked at Raggedpelt, "my father over there trains me also."

You nodded, but looked at Raggedpelt and YellowFang to see them stare at you, Yellowfang giving a warm look, Raggedpelt looked surprised.

The gathering was over, however you didn't want to leave, you saw BrokenPaw about to leave, however you stopped him, "meet me at the twoleg barn," you whispered, he nodded and quickly padded off.

"Come on Y/A/N!" DeadFoot called.

"Coming!" You answered, racing to join up with your clan.

~•🌿Chapter 2🌿•~

[image]

The rest of WindClan were asleep in their nests, you were wide awake waiting for there to be silence. You quietly padded out of camp then raced towards the twoleg barn, their you saw BrokenPaw waiting.

"So you actually came?" You panted, out of breath from running.

"Of course I did," he mewed, "so what did you want me here for?"

"Well I just, wanted to know you a bit better, and so you can learn I bit about me," you murmured.

You saw BrokenPaw blush as he looked at his paws, "w-well ok I guess."

The two of you talked about family relations, you were the only kit of Y/M/N and Y/F/N. of course BrokenPaw was related to Raggedpelt but never knew who his real mother was.

"You know I was the only one to survive in my litter to?" BrokenPaw mewed.

"Really?" You responded. BrokenPaw nodded.

"Apparently so, Raggedpelt told me..."

"Well my S/K/N, was still born, but my B/K/N survived until he was 2 moons, he died from GreenCough."
"What happened to your parents?" BrokenPaw asked, you sighed.

"Well my Father also died from GreenCough with my brother," you murmured, "then my mother when to live the life of a kittypet, abandoning me."

BrokenPaw stared at you in shock, "so then what happened?"

"AshFoot took me in along with my mentor, DeadFoot," you mewed, "but I mean not a lot of my clan mates actually like me. Only AshFoot, DeadFoot, MudClaw and WebPaw."

BrokenPaw flattened his ears in sorrow, "I guess you know how I feel huh?" You nodded and laughed quietly.

You stared up at the sky to see the sun rising. "Oh StarClan, we better part ways. BrokenPaw yawned and nodded. You both said GoodBye before going back to WindClan. Once you returned, you already saw WebPaw awake. As soon as he saw you, he came rushing over to you.

"Y/A/N! Were have you been?" He rapidly asked, you rolled your eyes.

"I couldn't get much sleep so I went for a walk." WebPaw tilted his head he was about to say something, but the rest of the clan was beginning to wake up MudClaw and DeadFoot came up to you and WebPaw, let's go and show WebPaw around the territory.

You weren't really concentrating, your mind wander off to BrokenPaw and you were also really tired. "Of Course you know about FourTrees-," DeadFoot mewed, but he looked over at you, looking over at ShadowClan in the distance. "Y/A/N, are you listening?" He scolded, you gasped as you realised that you were falling asleep.

"umm yeah, sorry I didn't really sleep that much." DeadFoot follows his eyes, WebPaw started giggling until MudClaw gave him a death Stare.

"Maybe you should go and rest in for today," MudClaw mewed, surprisingly concerned. You nodded however a little weirded out from his kindness, and you padded back to camp.

~•TimeSkip•~

It has been around two moons and you were out to meet BrokenPaw again, you were going to be 12 moons old soon, and your warriors assessment was coming up. Surprisingly, you were at

the barn first, BrokenPaw arrived soon after. "Hello BrokenPaw," you chirped, "I'm actually here first for once!"

"Yes that's surprising, also I'm no longer BrokenPaw I'm now BrokenTail," he said proudly, you laughed at his actions.

"Well then proud BrokenTail, how has it been is ShadowClan?" BrokenTail gave an uncertain look.

"Not good, Cedarstar is suffering from a sickness but some good news is that I have an apprentice."

"Wow, already?" You mewed, he nodded.

"Of course!" He responded proudly.

"Well I'm going to have my warriors assessment tomorrow, so I can't really stay ." BrokenTail frowned.

"Aww, really? Come on, at least stay a little longer?" He meowed, in a desperate tone.

You shook your head, "I'm sorry, but remember we can see each other another time."

BrokenTail sighed and gave a curt nod, he walked away, but he kept glancing over his shoulder until you couldn't see him, you sighed and padded back to WindClan to rest up.

The next day, you quickly ate a plump rabbit and waited for DeadFoot at the entrance, you fidgeted, eagerly waiting for DeadFoot however, MudClaw padded up to you. "Are you ready for your warriors assessment?" He meowed.

You tilted your head and looked around, "were's DeadFoot?"

"He's come down will a fever, he wanted me to assess you and for me to tell him how well you did," he meowed.

"And what about WebPaw?"

"I've taken him off training for today." You nodded and exited the

camp with MudClaw padding in front. He took you to the training hollow to explain the assessment. "I'm sure you know how this works, you will be catching prey, however i will be watching you," MudClaw meowed, you nodded in excitement and fear, you didn't know how well the assessment will go.

"Well then, off you go." You darted down the hill and hid behind a bush, you tasted the air for anything, bingo! A scent of a rabbit.

You got into a hunting crouch, you stayed low watching the rabbit as it rubbed its nose with its paws. You placed your weight into your body and leaped at the rabbit, it didn't have a chance to escape and you nipped it on the neck. You had caught two other rabbits and a mouse. However, you tried to catch another rabbit but you were so tired that the rabbit out sped you and escaped.

You panted, but quickly shook it off as MudClaw emerged from a nearby bush, "tough look, however you've done well," MudClaw praised, "I'm sure DeadFoot will be happy to hear about this."

He helped carry your prey back to camp, he placed one of your rabbits and mouse on the pile and left to go tell DeadFoot the news. You placed your other two rabbits in the pile.

"Wow, that's a lot of prey for an apprentice to catch!" WebPaw gasped, "Did MudClaw help you?"

You flicked your ears, "why did you ask?"

WebPaw then acted stupid, "oooh, no reason!"

You were about to say something but you heard TallStar yowl, "everyone gather beneath the high rock for a clan meeting!" Everyone stopped what they were going and gathered around, you sat beside DeadFoot, who was mostly cured already.

"DeadFoot has told me that his apprentice has done well in her assessment and it's time for her to become a warrior! Y/A/N, step forward."

You padded in front of the crowd, tail high, and full of excitement. "I, TallStar, leader of WindClan, call upon my warrior ancestors to

look down on this apprentice. They have trained hard to understand the ways of your noble code, and I commend them to you as a warrior in their turn."

"Y/A/N, do you promise to uphold the warrior code, and protect and defend the clan even at the cost of your life?"

"I do," you mewed, feeling everyone gazed on you.

"Then by the powers of StarClan, I give you your warrior name. Y/A/N, from this moment you will be known as Y/W/N. StarClan honours your Kindness, and we welcome you as a full warrior of WindClan."

You stepped up on the high rock for TallStar to rest his muzzle on your head, and you licked his shoulder in return.

"Y/W/N! Y/W/N!" Your clan mates cheered, you mainly heard MudClaw cheer the loudest, you ears heated up in embarrassment as you leaped off the high rock and the meeting was dismissed.

~•TimeSkip•~

You have been a warrior for 3 moons, you had come back from a boring gathering, however your tabby friend never came up to you, padding up to the entrance of the barn, you sat and waited for BrokenTail. You waited for a while but he never came, tired of waiting you decided to go back to WindClan. However, you heard a rustle from the bushes behind you and saw BrokenTail a sour look on his face.

"What's wrong?" You mewed, BrokenTail just snarled.

"That friend of your's!" He snapped, "I saw him link tail's with you!"

"MudClaw?" You questioned, BrokenTail nodded. "Look he's just a friend."

"A friend? More like a mate!" BrokenTail scoffed, you were about to say something until you heard something behind you.

BrokenTail turned his attention to the bush, which MudClaw

appeared from, "what are you doing here Y/W/N? And with that mangy ShadowClan cat?"

BrokenTail snarled, "who are you to call me Mangy?" The two toms snarled at each other before you cut in.

"Please stop!" You cried, the two toms stared at you and stopped giving each other harsh comments. "MudClaw go back to WindClan, I'll be there shortly."

"But-,"

"I said go, don't worry about me," you growled. Hesitant, MudClaw left you and BrokenTail alone, "look I have never loved MudClaw, I've always loved you, I've been thinking of joining you in ShadowClan."

BrokenTail's ears perked up, "y-you really mean that?" You nodded, the powerful tabby then started sobbing, you placed your tail in his shoulders and cuddled up close to him.

"Shhhh, it's ok," you gently soothed, BrokenTail soon calmed down, looking into your E/C eyes.

"I've never felt love before, because of... you know Lizardstripe and bullying." You nodded, understanding what he was saying.

"I don't blame you," you whispered, "I would've broken down too." The two of you stayed silent for a moment before you departed, "I'll see you tomorrow, at sunset?"

BrokenTail nodded and roughly nuzzled you, "I'll see you then, but what if your not accepted into the clan?"

"Don't worry," you whispered, "your father is soon to be leader right?" BrokenTail nodded. "I'm sure he will let me in."

"How can you be so sure?" He Questioned.

You just laughed quietly, "I have my ways," you mewed, remembering your dream, BrokenTail shrugged it off.

"I'll see you later, my love," BrokenTail whispered into your ear.

"See you soon," you mewed, with that you departed ways, until the sun sets tomorrow.

~•🌿Chapter 3🌿•~

[image]

This chapter is a bit short so sorry but I'm giving a warning! If you are disturbed from the actions of abuse, the then don't read this chapter if it makes you uncomfortable, it's not that bad tho in this chapter, but I'm still going to give out a warning. I made MudClaw as an antagonist mostly for plot reasons but I had no other way to make him evil.

You were bored out of your mind, waiting for the sun to set. You groaned and decided to see DeadFoot. The dark Tom was talking to TallStar in his den, so you decided to wait near the high rock.

As soon as DeadFoot emerged from the leaders den, you bounced up to him like a kit, "hey DeadFoot, is their any patrol's I can go on?"

He hummed in thought, "well I guess there is a hunting patrol that needs to be done." He mumbled.

"Great, can I join up on it?"

DeadFoot nodded and smiled at you, as if you actually were his daughter. Now you sat at the entrance, waiting for who's coming on the patrol, which was AshFoot, OneWhisker, WebPaw and...MudClaw, you groaned in annoyance. Mainly MudClaw would never leave you alone, always getting really close to you, like uncomfortably close, ever since you met BrokenTail near the barn.

"Alright, let's split up," AshFoot mewed, "I'll go with OneWhisker, and Y/W/N go with MudClaw and WebPaw."

Great, of course I'm paired with him...

You pad across the moor, with MudClaw close to you, your pelts touching. WebPaw bounced around, trying to scent out some prey.

"He's so full of energy," MudClaw mewed, you just rolled your eyes.

"Well of course, he's an apprentice." You growled quietly.

MudClaw stared into your beautiful E/C eyes, you raised a brow and turned to face him. "What?"

The dumb Tom just shrugged, as you started walking again he said something that caught you off guard, "I would love to have kits, with someone as beautiful as you."

You stopped in your tracks, you felt sick to your stomach, "w-well can't you find a she-cat that's actually beautiful."

He stayed silent and you finally caught something, which was two Rabbits. WebPaw had wondered off somewhere, but MudClaw was 'too busy' talking to you and making you want to throw up.

"But I'm talking to a Beautiful she-cat right now," MudClaw whispered cutting off the silence, replying to your question from a couple of minutes ago.

You flattened your ears, not really safe anymore, "um, maybe we should look for WebPaw!" You quickly said and padded off, you heard MudClaw growl in annoyance.

~•TimeSkip•~

You found WebPaw Near the Twoleg barn, he had caught around two Rabbits and a mouse, with your two Rabbits and MudClaw caught nothing because he was just following you and drooling over you**(I'm so sorry T-T)**

The sun was finally setting and you were ready to leave your clan, you would miss DeadFoot and AshFoot who were parents to you, but you didn't really have many friends, plus you wanted to get away from MudClaw.

Once the night came, you quickly padded out of the warriors den quietly. Once out of camp, You waited eagerly at the barn, BrokenTail was running late again. Suddenly you saw a shadow tower over you, turning around you look up to see MudClaw.

"Your trying to meet him again?" MudClaw snarled, you sank to the

ground with fear.

"Y-yes, but-" you muttered, MudClaw then slashed your face, drawing blood.

"You dare leave me, for a stupid ShadowClan Cat!" He spat, you winced in pain, placing a paw on your cheek. "Your coming back to WindClan, got it?!"

You nodded, not to dare object, MudClaw dragged you up and back to WindClan, intertwining his tail with yours.

You sulked and padded away from the barn, however you looked back and saw two amber eyes in the bushes glaring at MudClaw.

~•TimeSkip•~

Around 4 sunrises had passed, you were forced into being MudClaw's mate, your were depressed from his actions towards you. MudClaw would never let you get any prey to eat, and rarely he would grab a scrawny rabbit or mouse for you. However, the gathering was tonight and finally, MudClaw wouldn't be tagging along so you can actually talk to BrokenTail.

Once you were at the gathering, you immediately see BrokenTail frantically looking around, as soon as he saw you he ran at you, relief washed over you.

"A-are you ok? I saw what happened 4 sunrises ago, what did he do to you after you left?"

You sighed and placed a paw on your cheek, a scar was visible. "He's always follows me everywhere, he didn't let me treat my scar and he starved me..."

You saw BrokenTail unsheathe his claws and dig them in the ground, his eyes blazing in anger. "That's it, I'm talking to Cedarstar, and that's final, you will join ShadowClan now!"

The gathering was boring and quickly ended, You saw BrokenTail talking to Cedarstar, however you were called by DeadFoot.

"Are you coming, Y/W/N?" DeadFoot asked.

You sighed and shook your head, "I going to ShadowClan." DeadFoot looked surprised.

"W-what do you mean?"

"I've had enough of MudClaw, he forced me to be his mate, haven't you noticed that I'm more thinner than usual? It because of him and he's not only cause emotion scars but physical ones too." You said and you showed the scar.

DeadFoot stared at the ground, "thank you for telling me this, I'm sorry this happened. I'll tell TallStar that you left, but I won't give the reason why, and no one else will know."

With that DeadFoot left the clearing and you padded up to Cedarstar and the rest of ShadowClan. "I heard what happened, you can join our clan if it makes you happy and Yellowfang will see to that nasty scar."

You nodded and smiled, happy that you were accepted, and walked close to BrokenTail to ShadowClan, hopefully life will be better. Away from MudClaw.

~•🌿Chapter 4🌿•~

[image]

You followed behind ShadowClan, some would give unwanted stares, you sighed and kept your head low. "What's wrong Y/W/N?" You looked up at BrokenTail.

"I-I just hope I can fit in," you sighed quietly. BrokenTail nudged you slightly.

"Don't worry, I'm sure you'll perfectly fit in!" He meowed happily, "plus your safe from MudClaw." You nodded and smiled at him, continuing to walk to ShadowClan camp.

Once you arrived, many cats stared on, you felt unwanted, but you shook them thoughts away and kept your head up high. "So, do you really want to join ShadowClan?" Cedarstar asked, his voice a bit scratchy, you glanced to your left to see YellowFang with a pleading look, Raggedpelt was sat next to her.

You nodded, causing Yellowfang to smile in pride, what caused her to be so happy?

Cedarstar smiles warmly at you and leaped up onto the high rock. "Tonight, a new warrior joins us, from WindClan!" Cedarstar meowed, some warriors cheered, "I hope she finds her place here."

You heard mumbling from behind you, "WindClan must not take care of their warriors."

"Well we need more speed in the clan."

"She'll be a great member of our clan!"

Once the meeting was dismissed, BrokenTail padded up towards you, "see? Others believe that you'll be great!"

You smiled warmly at him, you saw him blush lightly, "now how about we rest up in the warriors den?"

BrokenTail nodded and showed you the warriors den, you padded in, being greeted by a few warriors. You saw a free nest near the back, with what seems to be jay feathers in it, you crouched into it and sighed. BrokenTail laid into the one next to you, "I made that nest for you a few days ago."

You blushed and smiled, "thank you BrokenTail, I appreciate it." The tabby nodded and yawned, quickly he fell asleep and you followed on, hoping that in ShadowClan your safe.

You woke up to see BrokenTail cuddling next to you, you blushed madly as BrokenTail places a paw over you.

"BrokenTail wake up," you mewed gently, no response. You sighed and tried to push him off, not even a budge. You growled and pushed him again with all your might. Finally he opened his eyes as he rolled out of the nest, dazed, he looked up at you.

"Y-you were in my nest!" You said, flustered.

BrokenTail blushed in embarrassment, "s-sorry," the tabby mumbled. You were both silent until BrokenTail broke it, "let's go and eat some fresh-kill!" The dark tabby shook his pelt and raced off, you sighed and stretched before you padded after him.

You followed him to the fresh-kill pile to see that ShadowClan eat Lizards and Frogs, you looked at the prey in disgust. "What's wrong Y/W/N?" BrokenTail asked.

"I don't know about eating lizards or frogs..." you mumbled.

"Nonsense! There great, try one," he mewed as he pushed a frog to you.

Reluctantly, you took a bite, the skin was slimly but other than that it actually tastes alright. "This is good!"

"See? Now let's dig in!" You ate the frog with BrokenTail, after you finished, you saw Raggedpelt on the clan rock, his face filled with worry, with Yellowfang beside him.

"BrokenTail, your father is on the clan rock," you mewed, he looked

up and shrugged.

"All cats gather around for a clan meeting," Raggedpelt meowed, once everyone padded up and sat down he began, "Cedarstar has just lost his last life, it seems that the sickness that he had still lingered."

Everyone let out shocked gasps, you lowered your head in respect, even if you didn't know ShadowClan's leader that well, you still paid your respects. "I will become the new leader of ShadowClan, I will gain my nine lives tonight, as well as appointing a deputy."

The clan was dismissed, and many cats started wondering who the next deputy will be. "Who do you think will be the deputy of the clan?" BrokenTail mewed, you looked around the camp, BrokenTail had taught you who everyone was.

You saw FoxHeart close to Raggedpelt, flirting with him like always, "Maybe FoxHeart?" You questioned, BrokenTail looked at the ginger she-cat and growled, mumbling something under his breath.

"Anyway I'll show you around the territory, once we're back Raggedpelt will be leader and will appoint the new deputy!"

You ran after BrokenTail, surprisingly, he was fast however you kept at a slower pace, since you were faster from being in wind clan, BrokenTail took you to the south of camp to see a large tree.

"Here is the burn sycamore," BrokenTail meowed, "it's an ancient tree said to be burned by being struck by lightning, it's were the apprentices practice their night hunting and quiet stalking."

He then went south west over to a tunnel under the thunderpath, "here is the twoleg tunnel, we use this to get to FourTrees." You carefully looked into the tunnel, just darkness.

"how can you travel through this tunnel?" You asked, BrokenTail just shrugged.

"Once you've traveled to four trees for the next gathering, then you'll know how we get through it."

You only had one specific area to look at, you followed BrokenTail to what seems to be a twoleg dump. "Lastly is the CarrionPlace, it's an area home to rats and diseases, however it helps us through leaf-bare."

You winced at the though of rats, "I will never eat a rat, not even in leaf-bare." BrokenTail rolled his eyes.

"Well eventually you'll have to eat them," he meowed, "well that's it for the tour, we should get back to camp, it's getting late."

You nodded and padded close to The dark tabby as you walked back to camp.

~•TimeSkip•~

The clan was waiting for Raggedpelt or Raggedstar, he was going to appoint a deputy once he gets back, you laid down near the camp entrance with BrokenTail, waiting for the new leader to get back.

Finally, Raggedstar arrived and immediately leaped onto the clan rock, "everyone gather around for a clan meeting!"

The clan gathered around waiting in anticipation for who the deputy will be, "I have gained my nine lives and it's time for the deputy to be appointed, I say these word before StarClan, so the spirits of our ancestors hear and approve of my choice, FoxHeart, will you do the honour of being my deputy?"

"Of course Raggedstar." FoxHeart mewed.

"FoxHeart! FoxHeart!" Everyone cheered, BrokenTail stayed strangely silent, you cheered with the rest of the cats until the meeting was dismissed.

Night had casted it's self above and you went to the warriors den to settle down for the night, as you crouched into your nest you saw BrokenTail lay down in his nest, "do you want to sleep with me?" BrokenTail murmured, blushing deeply.

You blushed back and nodded, stud up and laid close to BrokenTail, the two of you had a peaceful sleep together as you cuddled with

him.

~•🌿Chapter 5🌿•~

[image]

You were laid down with BrokenTail near the burnt sycamore, you had been in ShadowClan for 3 moons now and there was nothing to be afraid of, however you have distanced yourself from going to gatherings, MudClaw couldn't hurt you if he didn't know were you went, however if he saw you at the gathering, it wouldn't go well.

"Are you ok Y/W/N?" BrokenTail mewed, cutting off your thoughts.

You nodded and smiled, "yes I'm fine, I was just... thinking." BrokenTail seemed to stare of near the distance and snarled.

"Your thinking about him, aren't you? Well he won't hurt you anymore, remember that," BrokenTail mewed, placing his head on top of your's.

You smiled and sighed, melting into BrokenTail embrace, he licked your cheek, causing you to blush. "H-hey Y/W/N? I-I wanted to ask you something."

You stared into his warm amber eyes and tilted your head in confusion, "what is it?"

BrokenTail sat up, you followed his actions and kept your beautiful E/C gaze on him, The dark tabby stared at his paws for a moment, "Y/W/N, I've always Like you a-and I wanted to know if you-"

"BrokenTail! Y/W/N! We're going to attack the rats at the carrion place, get to camp now!" BlackFoot meowed. You nodded and sat up.

"Sorry BrokenTail we have to go," you murmured, the tabby just grumbled in response and followed you back to camp.

"Ah good you two are here!" Raggedstar mewed, "now I want you

two along with FoxHeart, BlackFoot, BlizzardWing and NettleSpot to attack the rats at the Carrion place."

You looked at BrokenTail, he looked rather happy as if something was going to happen through this, "how about I lead the attack?"

Raggedstar nodded at this son, "yes that will be perfect."

You gave a stern look at your leader, "why are we attacking them anyway?"

"They attack a patrol earlier and I want them felt with."

"But what if one of us gets killed!" You snapped.

Raggedstar looked at you with a stern glare, "you should listen to your leader, I'm sure no one will die, since me son is leading the patrol."

You looked down at your paws and nodded, not wanting to make this any worse for yourself. You and the rest of the patrol headed out for the carrion place, you saw quite a lot of rats, you sank to the ground, knowing that it won't end well, "don't worry I'll protect you." You looked up to see BrokenTail towering above you, smiling warmly. You nodded and stud up, holding your head up high. "Now Attack!"

The patrol ran towards the rats, screeching and hissing, you ran in front because of your speed, the first few rats you saw you clawed them, from tail to chin, making them cut in half and instantly dying the rest of the cats in the patrol were doing well.

Suddenly you were surrounded by many rats you tried to swipe as many as you can, however one leaped on you biting on your shoulder, you yelled in pain and stumbled to the ground, you thought that your time was up until BrokenTail leaped in and killed half of the rats, the rest scurrying off, you thanked him, however once the rest of the rats fled, you noticed that everyone was ok except for FoxHeart, you tried to run as fast as you can to her, however your shoulder slowed you down.

Looking down and the orange tabby she-cat, you nudged her, but

you got no response, many rat bites covered her pelt and you then realised she was dead.

"What's wrong?" BrokenTail murmured, BlackFoot, BlizzardWing and NettleSpot was behind him.

You stared at him, a sorrow look in your eyes, "FoxHeart walks with StarClan, now."

~•TimeSkip•~

The patrol had carried FoxHeart's body back to camp for the rest of ShadowClan to mourn their loss, Raggedstar stayed close to The deputy's body, however after a long mourn the leader stepped into the clan rock, "sadly, we have lost our deputy FoxHeart, she was a good deputy and she would've made a wonderful leader," Raggedstar meowed, "before I appoint a deputy I have to give my apologies to Y/W/N, she said their was a risk of some cat dying in the attack but I don't listen."

You nodded as Raggedstar some accepting his apology, "now I shal appoint the new deputy." You looked to your left to see BrokenTail staring at his father with hopeful eyes, "I say these words before the body of FoxHeart, so she may hear and approve of my choice, the new deputy of ShadowClan will be CloudPelt."

You saw the ambition in BrokenTail's eyes drain as the tabby growled to himself and padded out of camp. You sighed and followed him, you stopped when he was sat near the thunderpath, you slowly approached him and sat next to him, "are you ok BrokenTail?"

The tabby kept his eyes on the quiet Thunderpath and sighed, "yes I'm fine, why did you follow me here?"

You flicked your tail slightly, "well I wanted so see if you were ok, plus didn't you want to tell me something before?"

BrokenTail ears flicked as he turned his attention to you, "umm y-yes I did."

You looked at him, your tail swiftly flicking, "go on."

"Well I've loved you ever since you helped him at the gathering when we were just apprentices and I was wondering if you wanted to be my mate?"

You gasped and blushed, you stud up and leaped at the tabby Tom, and smiled happily, "of course I'll be your mate you big mouse brain!"

Then you saw BrokenTail...cry? You looked down at him, as you were still pinning him down, "t-thank you, Y/W/N."

"F-for what?" You questioned.

"It's just, no one has ever cared about me this much, sure I have Raggedstar but I never really bonded with him."

You nuzzled into your mate's fur and purred, he purred and licked your head, "shouldn't we go back to camp?" BrokenTail mewed.

You lifted yourself off him, "you can, I'm going to stay here for a bit."

BrokenTail tilted his head, and reluctantly nodded and left to go back to camp.

You walked close to the thunderpath until you were close to the moonstone, you sighed as you stared at WindClan in the distance you sat their for a while until you decided to go back to camp, however you heard someone from behind you...

"So this is were you went, to get away from me..."

~•🌿Chapter 6🌿•~

"M-MudClaw!" You meowed surprised, your fur raised in fear as the tabby stepped closer.

"You should of know that I would of found you sooner or later," MudClaw snarled, "and now you have become mates with that fox-heart."

You hissed at him and unsheathed your claws, "he is not a Fox-heart! He's a wonderful cat."

"Whatever!" MudClaw spat, "your coming back to WindClan, you should've been my mate."

He leaped at you pinning you down, he went to grab your scruff until some cat was heard, "get away from her!"

You saw BrokenTail leap onto MudClaw and clawed his muzzle, you lifted yourself up, your mate standing in front of you defensive MudClaw snarled ready to attack again, until BlackFoot and ClawFace cane to your aid too.

"Leave her alone MudClaw!" Clawface meowed, "she's none of your concern anymore."

MudClaw sighed in defeat but kept his gaze on you, to which BrokenTail snarled at. "Well I'll get my way, I will get what I want." MudClaw then left, you and the three toms stayed their until he was out of view.

"Are you ok?" BrokenTail mewed, you nuzzled him lovingly.

"Yes I'm fine, thank you." You turned towards ClawFace and BlackFoot, "thank you for coming to my aid too."

"Let's get back before Yellowfang starts fretting over you again,"

BlackFoot meowed, Clawface purred in amusement.

"She said that your safety is huge, she's like a mother to you," Clawface said as he left for camp with BlackFoot, you and BrokenTail followed them, your pelts touching.

As soon as you entered camp, Raggedstar leaped from the clan rock, "what happened?"

"MudClaw attacked me, saying that I should be in WindClan until BrokenTail, ClawFace and BlackFoot came to my aid."

"Yeah, YellowFang was wondering were she was, so she told us to go and see if Y/W/N was ok," BlackFoot meowed, you saw Raggedstar glared at YellowFang, who was sat near the medicine den.

"Well we will keep an eye on the ThunderPath, was it just MudClaw?" You nodded and Raggedstar growled, "I will tell everyone tomorrow at sunrise to keep an eye out. Now go and get some rest you four."

You, BrokenTail, BlackFoot and Clawface left for the warriors den. BlackFoot and Clawface laid in their nests and immediately fell asleep, you and BrokenTail crouched in your nests, which were really close to each other, quickly nuzzled each other before falling asleep.

The next day, you woke up early you saw BrokenTail still asleep so you decided to try and wake him up, you swiftly licked his cheek which caused him to open his eyes, "is it time to get up already? Y/W/N it's not even sunrise."

You rolled your eyes playfully and bounced out of your nest, "well I though of going for an early walk," you mewed, beckoning BrokenTail to follow you by flicking your tail.

The tabby mumbled under his breath before standing up and following you out of camp, the two of you went to sit near the Burn sycamore, "So why did you want to go out of camp?"

"I wanted to ask you something," you murmured, BrokenTail tilted

his head, "do you really care for me that much?"

BrokenTail stared into your eyes, "of course I do! You care for me like a mother so I should care your you too." He licked the top of your head, causing you to purr.

"It's just that, with my mother leaving me when I was a kit and my father and litter mates passing away from GreenCough, I thought nobody cared for me, and now with MudClaw it's scaring me."

BrokenTail brought you closer to him and nuzzled your cheek, you nuzzled into his warm fluffy chest, After a moment of silence, you looked up at BrokenTail. He smiled warmly at you, "don't be silly, I care for you more than anything, and I will always protect you."

~•TimeSkip•~

You and BrokenTail entered camp to see RaggedStar on the clan rock with your clan mates sat around, the turned his attention to you and his son, "were have you two been?"

BrokenTail follows his eyes, "we were just out for an early walk, nothing else."

RaggedStar gave a questionable look but smirked, "alright lovebirds, come and sit so we can start this meeting." The rest of the clan smiled at what RaggedStar had called you and BrokenTail, plus it was easy to tell that the two of you were mates. "So last night, we found a WindClan warrior on our territory."

The clan grew angry from this, some turned to you, some cats do know about MudClaw being obsessive and abusive. "What are we going to do?" BrightFlower asked.

"We can only keep an eye out, if this WindClan warrior starts anything then we will do something, clan dismissed."

~•Another TimeSkip•~

A few day had passed and you started feeling...different, sometimes you felt fine however you sometimes felt sick so you never ate, many of your clanmates started to notice, especially BrokenTail.

You were laid down next to BrokenTail in camp, he was eating a frog however you didn't join in, BrokenTail stopped eating and looked at you concerned, "What?" You mewed.

"You haven't been acting like your usual self, are you alright? You need to see YellowFang?"

You shook your head, "n-no, I'm fine."

"Well too bad." You look up to see YellowFang above you, "your going to the medicine den wether you like it or not."

You grumbled under your breath and followed her, BrokenTail close behind. "How long has this been going on for?" Yellowfang asked as she sat down, BrokenTail sat at the entrance of the medicine den, and you sat in the middle of the den.

"Well if I can remember it's been happening for a few days now, ever since I went for a walk with BrokenTail."

Yellowfang shot her ears up in surprise, "right, just lie down in one of the moss nests and I'll check you."

You gave a slight nod and laid down in the closest nest on your side, YellowFang then placed a paw on your flank, she was lost in thought for a moment, BrokenTail looked at her in worry.

"Is something wrong?" He asked, YellowFang shook her head.

"Not at all, your going to have kits," YellowFang mewed, you caught some excitement in her voice.

BrokenTail stared at you in awe and smiled, tears forming in his eyes, he padded over to you a nuzzled you affectionately, "this is the happiest day of my life!"

~•🌿Chapter 7🌿•~

[image]

You and BrokenTail stayed in the medicine den for a moment, still nuzzling each other, however you pulled away and turned to Yellowfang, "can I still go to the gathering?" You mewed.

YellowFang was in thought for a moment but she nodded, "yeah I don't see nothing wrong with that, just be careful that someone doesn't hear about it." YellowFang snarled to herself and looked at the ground, "can I talk to you for a moment in private BrokenTail?"

The tabby rolled his eyes, but gave a small nod, "alright," he turned to you, wait outside for me." You nodded and padded out of the medicine den, however you sat close to the entrance and listened to what they were saying.

"So what did you want to talk about?" BrokenTail meowed.

"Please make sure she's safe at the gathering, I'm sure that if MudClaw hears then..." she took a pause, "then you know he won't take it lightly."

"Don't worry, of course she'll be safe, I'll stick by her side no matter what."

You heard Yellowfang take a sigh of relief, "thank you BrokenTail, MudClaw won't make anymore problems."

You stared at the sky, to look as if you weren't paying attention, BrokenTail padded out of the medicine den and sat next to you and looked up at the sky with you, "Hey BrokenTail?"

"Yes?" BrokenTail meowed, You kept you gaze on the sky as it darkened.

"Can I tell some of WindClan about our kits? I mostly want to tell AshFoot and DeadFoot since I see them as my parents."

BrokenTail looked at you for a moment, "well I guess, but only them ok?"

You nodded and intertwined your tail with BrokenTail's, the tabby licked the top of your head, "I love you Y/W/N."

You licked your chest fur in embarrassment, "I love you too."

~•TimeSkip•~

You walked close to your mate and behind RaggedStar and CloudPelt, you were a bit worried about MudClaw, what will happen if he hears about the kits? Will he kill them? You tried to shake those thoughts away as you arrived at FourTrees. Of course, MudClaw was there.

You kept Close to BrokenTail, trying to look for DeadFoot and AshFoot. "Can you help me find DeadFoot and AshFoot?" You mewed to BrokenTail, he nodded and looked around with you, however to no avail.

"DeadFoot and AshFoot aren't here," MudClaw meowed as he padded up to you and BrokenTail, "if you want I can send anything you wanted to tell you."

Without hesitation you shook your head, "no, no it's fine."

"Are you sure?~" he mewed trying to sound loving.

BrokenTail stepped in front of you defensively, "leave her alone, she doesn't need you!"

MudClaw pouted and rolled his eyes, padding away, BrokenTail growled and looked back at you, "maybe we should ask if TallStar will pass the message on, he is the leader and DeadFoot is his deputy."

You nodded, "that's a good idea," you looked around to see TallStar talking with OneWhisker, "over there, come on." BrokenTail followed you were TallStar sat. You and BrokenTail gave the WindClan warriors a greeting. "Hello TallStar, can you pass a message on to DeadFoot and AshFoot."

The black and white Tom nodded, "go ahead."

"Well me and BrokenTail are having kits, and I wanted to tell DeadFoot and AshFoot since they raised me."

"Yes of course, and congratulations!" TallStar mewed, OneWhisker also gave his congrats.

"Thank you TallStar." You mewed and walked away with BrokenTail, soon enough, the gathering started.

Mainly it was just prey running well, however RaggedStar glared at TallStar most of the time, once it was ShadowClan's turn, RaggedStar spoke up, "I want to give a warning to WindClan," he started, WindClan cats murmured in confusion, "we have spotted a WindClan warrior on our Territory TallStar!" WindClan erupted in anger, ThunderClan and RiverClan kept quiet.

"What are you talking about?" TallStar snarled, RaggedStar just snorted.

"Some cat went on our territory and attack one of your she-cats!" RaggedStar growled, he sharpened his gaze on MudClaw and you.

"None of my warriors would do that!" TallStar snapped back, before anything got out of control the moon was covered up by clouds, every cat in the gathering shrieking in concern.

"StarClan is angry, the gathering is over!" BlueStar(?) meowed, RaggedStar leaped off the great rock.

"Come on ShadowClan!" He tabby snarled in anger, the ShadowClan cats slowly padded out of FourTrees.

~•TimeSkip•~

Back in camp, BrokenTail immediately lashed out at his father for telling WindClan about one of their warriors trespassing.

You just left them alone and left for the Warriors den, however Yellowfang stopped you, "I think you should go into the nursery."

You nodded and quietly padded to the nursery, ignoring the bickering. You saw that there was a nest made for you, no one else was in the nursery, so you curled up in your nest, and was about to fall asleep however BrokenTail entered the nursery and curled up beside you.

"I'm sorry for making a commotion with RaggedStar," BrokenTail murmured.

You sighed and placed your head under his, "it's alright, It was RaggedStar who Told everyone at the gathering."

BrokenTail purred quietly and closed his eyes, "our kits are going to be beautiful."

You sighed lovingly and looked at BrokenTail, "yes, and their going to be great warriors like you."

You and BrokenTail then drifted into a peaceful sleep.

~•TimeSkip•~

It was dark outside, SilverPelt as always was watching over and glowing brightly, You sat inside the nursery, your stomach had now grow heavy with BrokenTail's kits, however you couldn't sleep, BrokenTail was in the Warriors den tonight, so you decided to try and wake him up and go out for a walk, you padded into the warriors den and tried to wake him up.

"BrokenTail? BrokenTail!" You quietly shouted, the tabby growled and opened his eyes, when he saw it was you, he smiled weakly and lifted himself up.

"What is it, Y/W/N?" BrokenTail meowed.

"I-I can't sleep, I was wondering if you wanted to go out for a walk?" You pleaded.

BrokenTail chuckled and rolled his eyes, "alright then, let's go." You smiled happily and padded out of camp with BrokenTail by your side, "so why couldn't you sleep?" BrokenTail asked, you sighed quietly,

"Kits, that all I can say." You mewed, you looked at your stomach, "I'm sorry for dragging you out."

BrokenTail smiled warmly at you, "there's no need to be sorry, your my mate and I love you." You tried to-return the smiled, however a harsh pain rippled through your body as you dropped to the floor, wincing in pain.

"What's wrong Y/W/N?" BrokenTail meowed, concerned. You laid on the ground your body aching.

"The kits, t-their coming early!" You yowled, your back legs shaking in pain, "go, go get YellowFang and RunningPaw! I'll be fine!"

"Ok, don't worry I'll be quick!" BrokenTail meowed as he darted back to camp. You grunted as another wave of pain washed over you.

You were tired and closed your eyes, you screeched in pain as the pain rippled through again and you heard a high pitch mew cry from behind you.

"Already a kit born." You heard YellowFang's voice, you opened your eyes to see BrokenTail with the two medicine cats.

"Don't worry Y/W/N, you can do it!" BrokenTail mewed lovingly.

YellowFang picked up the first kit, a small black tabby with white paws and chest and started cleaning it. You then yowled in pain again ad you felt another kit arrived, it was quickly born as you heard it cry, "RunningPaw clean the other kit!" YellowFang ordered as she finished cleaning the first kit.

You sighed in relief that the kitting was over, you noticed BrokenTail nuzzled into your fur, letting out tears as he hugged you. Weakly, you licked his cheek, which made him open his eyes and turn his attention on you.

"Your ok!" He mewed in happiness as he let out more tears, you laughed weakly and looked into his amber eyes.

"Of course I'm ok, but I'm really tired." You murmured.

"Congrats you two, you've had two kits a Tom-kit and a she-kit!" RunningPaw mewed happily. You looked at your kits, happiness filled your heart.

"let's get back to camp, I'll carry the she-kit, RunningPaw you carry the tom-kit, and BrokenTail stay next to Y/W/N whilst she follows back to camp."

BrokenTail nodded and helped you up, your body was aching and you felt like you were going to fall over, However BrokenTail stayed by your side and helped you back to camp YellowFang and RunningPaw in front with your kits in their mouth.

Once you arrived back to camp, the medicine cats placed your kits in the nursery and you laid down in your nest, immediately they drank their milk and started suckling. BrokenTail curled up next to you, "what are we going to name them?" The tabby mewed.

You looked at the Tom-kit, he was a brown tabby just like his father with amber eyes, "how about we call the Brown tabby LarkKit?"

BrokenTail smiled, "that's a wonderful name for him," he looked at the black tabby she-kit, "should we call the she-kit HollyKit?"

You looked at your Daughter and thought about it, you nuzzled your mate and nodded, "that's a perfect name."

You and BrokenTail fell asleep with your new Son and Daughter by your sides.

~•🌿Chapter 8🌿•~

"Mommy watch this!" You heard the voice of HollyKit, she looked at her brother and leaped at him, his amber eyes wide in shock, "gotcha!"

"Ow, hey what was that for?" LarkKit pouted, you purred in amusement to see your kits playing.

"Just wanted to impress mom." The black tabby mewed, LarkKit shook His sister off.

"Come on you too, it's time you were groomed," you called, your kits clumsily padded over to you, LarkKit tried shaking the dirt out of his fur.

The small Tom laid in between your paws as you started to groom him, once you cleaned him it was his sister's turn.

"Hey mom?" HollyKit mewed.

You stopped grooming her and looked into her green eyes, "what is it dear?"

"Can we go outside of camp?" She asked, you gave her a surprised look her brother also raised his ears.

"Yeah! I want to see what it's like out there." LarkKit mewed in excitement.

"No!" BrokenTail meowed as he padded up to you, sat at the entrance of the nursery. He looked down at his kits with a stern glare, "you will only go out there when your apprenticed."

"Y-yes father," they both said unison, you slowly closed your eyes for a moment and sighed, once you opened them again, you turned to your kits.

"Your father's right, their will be a time that you will explore the territory, fight for the clan and be brave skilful warriors, just like your father."

BrokenTail licked your ear and laid on his side next to you, your pelts touching. You licked his cheek affectionately, "let's get some prey before we go to sleep."

BrokenTail stud up going to get some fresh-kill however you place a paw on his tail stopping him, "why don't I get the prey? You've been busy and you need a break."

Your mate shook his head, "well you've been busy will your kits."

"But I-,"

"No, I'll get the prey you stay here." BrokenTail mewed, he licked your cheek before going over to the fresh-kill pile.

You sighed to yourself, after a few seconds, BrokenTail came back with Three Frogs, he gave one to each of your kits and one for you and him to share.

HollyKit and LarkKit dug into their frogs and finished them quickly, "you dears get some sleep, ok?" You mewed, taking a small bite of the frog. They nodded and snuggled up in their nests, you turned back to BrokenTail, "that question they asked got me shaking."

Your mate took a bite of the frog, "it's because of MudClaw, isn't it?" You slowly nodded.

"What if he hurts them if they went out of camp? W-would he injure them o-or or.." BrokenTail curled his tail around your body and placed a paw over you.

"Shhh, don't worry I'm sure they will be safe with us." BrokenTail mewed soothingly, "now how about you go and rest?" You smiled warmly and gave a small nod, The dark tabby gave a smile back, stud up and left the nursery for the warriors den.

~•TimeSkip•~

It was still in the middle of the night when you woke up, you hugged and decided to go on a walk, as you were walking up to the entrance of the camp, you looked into the warriors den, seeing BrokenTail. However, you decided not to wake him up, and go on a walk alone.

As you were slowly padding around the territory, you heard something behind you, quickly you turned around and saw a tabby leap at you, they pinned you to the ground, your eyes glanced up to see none other than MudClaw.

"How could you?!" He snarled, "you leave me for him, and then you have kits with him!"

You pushed him off you, clawing his face, "why can't you just move on!"

MudClaw glared into your E/C eyes, and stepped closer, "how can I move on! You were everything to me, no one else made me feel love!" The fur on his pelt raised, you hissed at him in defence but he just laughed, "and now I will make you feel pain in anyway I can, wether it's physical or mental!"

You tried to run back to camp, however your belly full of milk weighed you down, quickly MudClaw caught up to you and pushed you to the ground, you tried to call for help but the Tom placed a paw over your mouth.

"L-let me go!" You cried, your voice muffled by his paw.

"Oh no, I can't do that," he whispered into your ear, "but I can do this!" He grabbed your right ear and quickly bit it, making it tear and making you squeal in pain.

He then dug his claws into your left shoulder, trailing it down, "stop MudClaw!"

"Silence!" He yowled, he clawed your face three scars appeared on your cheek, quickly he then bit down on your back, obviously drawing blood, he also ran his claws on your pelt to, you snarled and threw him off, and with the strength you had and ran back to

camp, the sun started to rise, making it so MudClaw couldn't stop you.

You saw BrokenTail looking around with your kits, along with The rest of the clan, "she's here!" CloudPelt called, BrokenTail immediately ran up to you, seeing your wounds.

"W-what happened?" He mewed desperately, you fell to the floor in exhaustion.

"Let's get her to the medicine den quick!" RaggedStar meowed, YellowFang helped you up and over to the medicine den, you laid in a nest and immediately passed out from exhaustion.

~•TimeSkip•~

You were woken up to the sound of rain, yawning you looked around, You saw YellowFang, BrokenTail, HollyKit and LarkKit look over to you.

"Mommy your awake!" LarkKit mewed, he jump into your nest and curled up next to you, HollyKit leaped onto you back, causing you to wince in pain.

"HollyKit dear, you can't jump on your mothers back," YellowFang told her, she immediately got off and said sorry.

"What happened?" BrokenTail asked, you looked at the ground for a moment and flicked your tail, signalling for him to come closer. He padded up to you, "what's is it?"

You leaned closer to him, "M-MudClaw, he attacked me when I went outside of camp f-for a walk." BrokenTail took a step back, his eyes flared, his teeth bared.

"W-wait how much damage did he do?" You shaking my mewed, YellowFang and BrokenTail looked at each other for a moment.

"Well he teared your right ear, clawed your left cheek, caused a scar on your left shoulder and bit down on your back," YellowFang meowed, "you may need to stay in the medicine den for a few days."

Just then RunningNose came back, his pelt drenched, he shook the rain off and looked back at you, cobwebs in his jaws, "I see your awake!"

You gave a small nod, you two kits go into the nursery, I need to speak with RunningNose and YellowFang in private."

They both nodded and quickly ran to the nursery, the rain had started to clear up. "So what's wrong?" YellowFang asked.

"It was MudClaw! He hurt my poor Y/W/N!" BrokenTail snarled, RunningNose looked concerned, YellowFang stared at the floor in anger.

"Why is he so, horrible to you and Y/W/N?" RunningNose asked.

"Let's just say, he can't let go of his love for Y/W/N, it's been going on for a few moons."

"Well remember to tell RaggedStar, he won't be happy with WindClan." You mewed, YellowFang nodded and left the medicine cat den to see him.

"Who will look after HollyKit and LarkKit?" You asked.

"Don't worry, BrightFlower is expecting her second litter soon, so she'll look after them," RunningNose told you.

You sighed in relief, "well I guess I should get some more rest."

BrokenTail smiled and nodded, leaving you alone, RunningNose went to dirt herbs as you drifted off back to sleep.

~•TimeSkip•~

You were woken up to startled yowls, you looked out of the den to see, CloudPelt.

"What's wrong CloudPelt?" RaggedStar calmed from the high rock, you poked your head out of the Medicine den, and BrokenTail poked his head out of the warriors den.

The white Tom looked at the two of you and lowered his head, "it's about HollyKit and LarkKit."

~•🌿Chapter 9🌿•~

[image]

"What happened?" BrokenTail demanded. BlackFoot and Clawface appeared from behind with HollyKit and LarkKit in their jaws, limp and gashes in their throats...

Your legs went numb, "h-how...?" You quietly sobbed, "How?!"

"They must of sneaked out of camp, it must of been MudClaw!" BrokenTail snapped, RaggedStar glared at the sky in rage.

"We will attack WindClan, tomorrow at moonrise!" RaggedStar boomed, yowls of agreement roared throughout the clan, mean while, you and BrokenTail mourned the loss of your kits, RaggedStar and YellowFang padded up closely and sat beside HollyKit and LarkKit, "don't worry you two an attack on WindClan will give them what they deserve!" Yellowfang meowed.

The clan were getting prepared for the battle, however you sat in the warriors den, thinking. You heard paw steps behind you, knowing it was BrokenTail, "I will fight in this battle," you mewed.

You heard BrokenTail sigh, "your going to stay here, I will fight for you and our kits, I don't want anything happening to you."

You quickly turned around, baring your teeth into a snarl, "I'm going to fight! I couldn't care about them being by original clan, or If MudClaw will attack me!"

BrokenTail took a step back in shock, "ok, if you want to I won't stop you." He didn't say anything else and left the warriors den. You growled to yourself, looked at the stone wall and raked your claws down it, creating harsh, deep marks ingrained into it.

"They will all pay!"

~•TimeSkip•~

ShadowClan had prepared for the battle, ready to ambush WindClan, you were excited about it, wanting to feel their blood on your claws, ShadowClan were all waiting in the dark night, WindClan were oblivious to the danger, "ShadowClan, attack!" RaggedStar yowled, the cats all darted out of their hiding spots.

Eagerly, you leaped onto the first cat you saw, being WebPaw, you laughed as the Tom tried to throw you off, quickly you slashed his pelt, causing the apprentice to wince in pain. He rolled on his back, causing you to fall and giving him an opportunity to slash at you, he only caused a few scratches before you used your back legs to kick him off. The apprentice ran away in a hurry.

In the distance, you saw MudClaw, as his eyes met yours, the two of you walked into the centre of camp. "Now this is something I've been waiting for," MudClaw snarled.

"So have I, and I'm not going to back down this time, after what you did!" You quickly darted under MudClaw and clawed his front paws, making him fall over, the tabby growled in anger, he looked at you for a moment before trying to leap at you, swiftly you leaped at his face and claw at his left eye, drawing blood and leaving a huge mark, the tabby yowled in pain but it still wasn't over, "I'm not going to stop until your dead."

MudClaw chuckled darkly, "you'll never kill me!" He ran at you and kicked you in the side, as you tumbled to the ground the Tom went to bite down on your throat, in a flash you slashed his muzzle, causing him to leap back in pain, you were about to take a swipe at his throat before you heard RaggedStar.

"ShadowClan, Retreat!" RaggedStar yowled everyone started fleeing you stared down at MudClaw with a warning glare, "well your lucky this time."

With that you quickly fled with your Clan mates.

Once you were back at camp, you found out why RaggedStar retreated, His deputy was badly injured, CloudPelt was in the medicine den with his leader, YellowFang and RunningNose. Everyone was waiting in camp, waiting to hear if CloudPelt lived.

Then RaggedStar appeared from the entrance of the medicine den, sorrow clouded in his eyes, he leaped onto the high rock and called a meeting, "CloudPelt has sadly died from the battle, YellowFang and RunningNose have tried everything but nothing can bring him back."

ShadowClan lowered their heads in respect for the deputy, you also lowered your head however not just for CloudPelt but also for your kits.

"I say these words before the body of CloudPelt, so he may hear and approve of my choice, the new deputy of ShadowClan is..." RaggedStar took a pause his eyes landed on BrokenTail, "BrokenTail, your the new deputy of ShadowClan!"

BrokenTail eyes lit up, and cats chanted his name, he thanked them all however you crouched down, not bothering to cheer.

Once the crowd died down and went to do their own thing, BrokenTail came up to you, "hey, aren't you happy that I'm deputy?"

You gave a small nod, "yes I'm happy but it's just, you know..."

"I know, I miss them too, but you'll be ok, they will watch over us from StarClan."

~•TimeSkip•~

It had been 2 moons since your kits were killed and ShadowClan attacked WindClan, you still hadn't moved in from your kits death, you missed how they played together and how they loved you so much, not like your mother.

You were eating a frog alone, however BrokenTail sat beside you, "are you ok?"

You bared you're teeth slightly, "no, of course not."

BrokenTail sighed, "I-I was thinking that maybe we should try and have another litter of kits."

You turned to him, "no, I just want to be alone!" You got up,

forgetting about your frog, and ran out of camp.

"Y/W/N! Wait, please come back!" BrokenTail called, you just ignored him and ran to the two-leg place near ThunderClan.

You stopped to catch your breath, you looked around for a moment, seeing the twoleg nests, you saw a few kitty pets around, however one caught your eye. She had the same eye colour as you with a M/P, that's when you realised who it was...

"M-mother...?"

~•🌿Chapter 10🌿•~

[image]

The she-cat pricked her ears up and turned around to face you, "Y/W/N, is that really you?" She mewed, you rolled your eyes.

"Of course it's me you selfish, Fox-heart," you snarled, "you left me to die in WindClan because father, Brother and Sister died of GreenCough!"

Y/M/N looked into your eyes and sighed, "I'm sorry, it's just I didn't want to see you die of the thing that look my family away, so... I left the clan so nothing would hurt me, but I still thought about you." She mewed, "I know you can't forgive me for being so selfish, but just so you know, I still love you and I always did."

"Y/W/N!" BrokenTail meowed, he saw your mother and instantly snarled, "who are you?!"

"BrokenTail this is my mother, Y/M/N," you mewed, "and Y/M/N, this is BrokenTail, my mate."

Her ears pricked up and her eyes shone, "your mates? Awe that makes me so proud, but..." she sniffed around you, getting your scent, "went you from ShadowClan?" She meowed to BrokenTail.

The Tom nodded, "yes I am, but there's no time to explain," he turned to you, "Y/W/N, a badger has been spotted in ShadowClan territory, RaggedStar is leading a charge, we have to leave."

You sighed and said goodbye to your mother, "bye dear, and good luck!" She called as you and BrokenTail left for ShadowClan.

~•TimeSkip•~

You saw most of the clan attacking the badger, RaggedStar was on its back, ripping into its fur, "come on!" BrokenTail yowled as he went for the badgers legs, clawing them and making it fall, you saw

RaggedStar fall off, but immediately got back up, you yowled and leaped for the badger's side, digging your claws into it and drawing blood.

The badger screeched and threw you of and with it's big paws, held you to the ground and dug it's claws into you, you screeched in pain, however BrokenTail and several other warriors slashed at it causing you to be released, RaggedStar took a big leap, looking at the badgers throat, ready to bite it down, however the Big animal, took its claws, and ran them up his flank, causing his organs to spill out and blood pouring from his wound, in anger BrokenTail yowled in anger and ran at the Badger, slashing its face, then out of nowhere you crept underneath the badger's neck, and quickly but down on it, causing the animal to growl in pain and quickly flee.

BrokenTail sat beside his father, you joined him along with the other warriors, YellowFang and RunningNose immediately came out of camp to treat everyone's wounds, however you saw YellowFang's eyes tear up when she saw RaggedStar, "he..he has to wake up! He still has his nine lives!"

YellowFang looked at the big gash on RaggedStar's flank and shook her head, "I'm sorry, but I think that badger swiped all of lives away, StarClan can't cure such a horrible wound."

~•TimeSkip•~

Back in camp, everyone was mourning RaggedStar, you where laying down in the medicine den, the wound on your side was being treated by YellowFang, however BrokenTail immediately came into the den as you were just dozing off.

"I want to stay with her, at least until she's better," BrokenTail meowed, YellowFang growled

"She needs to rest without anyone to bother her, plus you need to go to the moonstone for your leader's ceremony."

BrokenTail snarled at the medicine cat, "who don't know what it's like to have your family destroyed!" BrokenTail cried, he laid down beside you, you kept silent throughout all this.

You heard YellowFang clear her throat, "come on, we need to go to the moonstone, I'm sure Y/W/N will be fine, RunningNose is going to take care of her."

BrokenTail nodded and left the medicine den with Yellowfang without another word, he kept glancing over his shoulder, you gave him a reassuring nod, and then they left for the high stones.

You sighed, RunningNose looked at you, "are you ok Y/W/N?" He asked concerned, you gave a small nod.

"It's just that, BrokenTail wants another litter of kits, and I don't know about having another litter after MudClaw..." you went silent, RunningNose understood what you were saying.

"I know, they were playful kits, I think they will be at BrokenTail's leader ceremony, however you can't be sure."

"What do you think BrokenTail will do once he's leader?" You ask, RunningNose sat in thought.

"Well from how much MudClaw has ruined his life, he may...punish WindClan."

You rose your ears in surprise, "I mean it's only MudClaw, he should be exiled and that he's the one who should be punished."

"I think you should sleep, your injury has to heal and I want you to rest." You nodded at the medicine cat and drifted off to sleep hoping that one day MudClaw will get what's coming to him.

As you woke up, you saw BrokenTail, well BrokenStar. sleeping next to you. Judging his cheek, you tried to wake him up, he mumbled in his sleep before awaking up to see you awake. "Oh I didn't think you would be awake this early," the tabby meowed.

You yawned quietly, "I think my wound is healing up well." BrokenStar gave a small nod and nuzzled you lovingly, you saw a unreadable expression on his face, "is something wrong?"

The tabby snapped out of his thoughts and smiled, "yes, everything

is fine, it's just I want another litter of kits, like HollyKit and LarkKit wants it for the best of us,"

You looked down at your paws and sighed, "maybe, we could have another litter but I'm hoping that nothing goes wrong." Your mate gives a nod of understanding.

"Talking about kits eh?" You heard YellowFang meow, yawning in the process, "well if you want to have another litter, I suggest that you have your eyes on them at all times, you looked at BrokenStar lovingly and stud up, "come on BrokenStar, let's have a walk together." You purred, BrokenStar rolled his eyes in amusement, YellowFang smiled warmly at you and BrokenStar, "but be careful, MudClaw could be anywhere around."

You and BrokenStar walked over to the Twoleg place to see your mother, she seemed surprised on your arrival. "Y/W/N, BrokenTail, what are you doing here?"

"One it's BrokenStar now," The dark tabby corrected, Y/M/N apologised.

"Two is that, I wanted to tell you what's happened ever since you left Clan life behind."

Your mother jumped off the twoleg fence and laid down on the ground, "so what has been going on?"

"Well, the reason I'm in ShadowClan is because of MudClaw, he used me as a mate, abused me and eventually starved me, so I left," you mewed, Y/M/N looked down at her paws, anger and sadness flowed through her eyes.

"MudClaw was my former mate, he treated me like that too, but I left him for Y/F/N, that when he stated he would ruin the lives of my kits. And since you were the only one alive, he treated you like that. I'm sorry that I left you I should've left with you!"

You comforted your mother, "it's not your fault, hey, at least I have BrokenStar to look after me." Your mother turned to your mate, who sat up proudly.

"I hope you've taken care of my daughter," she meowed, a grumble erupted from her throat.

"Of course I have!" BrokenStar meowed at the she-cat.

Y/M/N smiled, "good, now how about you two run along now, your clan will be wanting to know where you are." You and BrokenStar nodded and stud up, and left the Twoleg place.

~•🌿Chapter 11🌿•~

[image]

After a couple of moons had passed, you have given birth to two Tom-kits, LionKit and EagleKit. Their eyes still shut. BrokenStar came into the nursery to see his two sons.

He sat beside you and looked down at his kits and smiled, "this time MudClaw won't lay a claw on them," he mewed, you gave a small nod and licked the kits heads.

"I hope not, I don't want to loose them." You sighed, and looked at BrokenStar, "do you think we will have a happy family?"

He looked at you in surprise, "of course! Why would you say that?"

"Well you know MudClaw will find out about them being our kits, and will try anything in his power to kill them."

BrokenStar shook his head and licked your cheek, "he won't hurt us this time, and when the kits start walking, I'll have Warriors guard the camp so they can't sneak out."

You smiled warmly at your mate, "thank you BrokenStar, I couldn't love anyone more than you, well beside my mother I guess."

~•TimeSkip•~

It was early morning, you quietly yawned, however you saw YellowFang walking to the Nursery. You greeted the grey she-cat, you gave a small nod back.

"Y/W/N, can I tell you something?" She murmured.

You looked at her in confusion, "yes? You can tell me anything."

Yellowfang gave a small sigh before speaking, "w-when BrokenStar was an Apprentice, I had a vision of a P/C pelt she-cat would help him be happy, and it turns out it was you."

You looked at her in surprise, "I mean when I was an apprentice, I had strange dreams of saving someone in a gathering from being bullied, and I guess it was BrokenStar."

"Also I'm planning to tell him, that I'm his mother," YellowFang mewed, you looked at her in shock, "I know I'm a medicine cat but I used to be a warrior and fell in love with RaggedStar, however I had to become a medicine cat from a certain power, but one day I was baring RaggedStar's kits, and only BrokenStar survived, and I had to give him away."

"I've heard enough." You and YellowFang heard a voice from the entrance of the nursery, it was BrokenStar, "I finally know who my mother is, and I'm angry that you never told me sooner." YellowFang put her head down in shame.

"I'm sorry I-," YellowFang tried for say but she was cut off by BrokenStar.

"But I'm also happy, if you never gave me away, StarClan wouldn't of given you a vision and I wouldn't of met Y/W/N, and have a wonderful life with her," BrokenStar mewed softly and nuzzled you.

Yellowfang sighed in relief, "well as a grandmother I'll also care for these kits and protect them, I may be a medicine cat but i know how to fight!" The grey she-cat lifted her head proudly, you and BrokenStar purred in amusement.

Just then you heard your kits mew, however LionKit slowly opened his eyes to show lovely shining amber eyes, just like BrokenStar. Moments after EagleKit also opened his eyes, his eye colour also amber.

They still couldn't walk, but they smiled happily at you, you smiled lovingly at them and nuzzled them both, BrokenStar also nuzzled the both of them, but them looked at His mother.

"Kits, this is your Grandmother, YellowFang." The grey she-cat greeted the two kits and they smiled happily at them.

"Hello YellowFang!" LionKit mewed, EagleKit tried to walk over to

the grey she-cat however he tumbled over making everyone purr in amusement, YellowFang picked the kit up gently by the scruff and placed him back in your nest.

"It will take a few days for the two of you to start walking," YellowFang mewed gently.

"Oh that reminds me, you have another Grandmother in twoleg place," you mewed, YellowFang looked at you funny, "my mother is still alive, she left me when I was a kit, it also turns out she was former mates with MudClaw."

"Who's MudClaw?" EagleKit asked, you sighed.

"A cat you don't want to meet." BrokenStar growled, YellowFang nodded in agreement.

"Well, my mother was also treated with the same abuse, starved and clawed, and once T/M/N left for my father, MudClaw seeked revenge, and since I was left from the family, he flirted with me when I was an apprentice and once a warrior he abused me."

"He sownds every bad..." LionKit growled, "I wanna teach him lesson!"

"That time will come soon, maybe." YellowFang meowed, that when a yowl from the nursery caught everyone's, attention, it was BrightFlower who had just woken up.

"My kits have disappeared!" She meowed, looking around the nursery over again.

"Don't worry we'll try and find them!" BrokenStar meowed reassuringly, you stud up.

"I want to help too, kits stay here." Your kits nodded.

"Well we cant move anyway," EagleKit mewed, LionKit giggled.

~•TimeSkip•~

After a while if searching, you found the kits, killed by a fox,

mauled. BrokenStar is saddened by the kits death as they were his Grandmother's kits. He called a clan meeting, so you picked up your two kits and carried them out of the nursery to join the meeting, "today we mourn the loss of two kits, MarigoldKit and MintKit, they were close to being apprentices and we will miss the opportunity to have more great warriors."

The clan lowered their heads in respect for the lost lives, LionKit and EagleKit also lowered their heads for the den mates they never knew. Once the Kits were set away to be buried the clan was Dismissed, and BrokenStar went to his den to think.

You sighed and picked your kits up and put them back into the nursery, "is BrokenStar ok?" LionKit mewed.

You sighed and licked his cheek reassuringly, "he's fine, it just that he's lost a lot in his life, your brother and sister, his Father, his Grandmother's kits."

"We had a brother and Sister?" LionKit asked.

"I'll tell you about them later, but now you two should get some rest, you look tired." The two nodded and yawned, they cuddled up together and were fast asleep, you watched them for a while before falling asleep for a quick rest.

~•🌿Chapter 12🌿•~

[image]

After a few moons had passed, it was time for your kits to be apprenticed, BrokenStar called a meeting and you nudged your kits out of the nursery, beautifully groomed for their ceremony.

"LionKit, EagleKit, step up." The two brother proudly walked up in front of the crowd of cats, confident looks on their faces. "You have reach the age of Six moons, and it's time for you to become apprentices, from this moment on until you've earned your warrior names you'll be known as LionPaw and EaglePaw."

"LionPaw I will be your mentor, and EagleKit your mentor is ClawFace." The two toms touched noses with their new mentors and the clan cheered for them.

Once the clan was dismissed, ClawFace was already talking to EaglePaw about showing his around the territory in a minute, and LionPaw was talking to his father about the Gathering. "Will be and EaglePaw be going to the gathering tonight?"

BrokenStar shook his head, "sorry but no, your only new apprentices, maybe new time after you've done some training."

The pale tabby pouted, and padded away to his brother to eat prey, you padded over to your mate and nuzzled him, "they will be great warriors," you mewed, BrokenStar nodded in agreement.

"Yes they will."

~•TimeSkip•~

At the gathering, you greet LionHeart as he's a friend of your from ThunderClan and you notice a ginger Tom behind him, "and who might you be?"

"This is FirePaw," LionHeart spoke, "he's a kittypet training to

become an Warrior."

You greeted the small apprentice, "well I think you'll become a great warrior," you mewed to FirePaw, he smiled at you, and then GreyPaw butted in.

"I'm I going to be a great warrior too?" He asked you purred in amusement.

"Of course everyone can become a great warrior." You then looked around only to find out that no one from WindClan is here, "LionHeart, you you know we're WindClan is?" He was about to respond until the leaders called for silence, you padded away to sit with ShadowClan.

After the other Clans gave their news it was ShadowClan's turn however BrokenStar seemed rather reluctant to speak, "prey is running well as always however you may be wondering were WindClan is, well they have drove ShadowClan to anger so I've driven them out."

The ThunderClan and RiverClan erupted into anger, "why have you done this? Someone called.

"Their must be a reason!" Another one shouted

"Tell us, BrokenStar!

The dark tabby snarled, "it's none of your business! Now the gathering will be dismissed!" You then realised why he did this.

Back in camp, BrokenStar refused to talk to anyone, even you and padded into his den, you sighed quietly, you felt EaglePaw sit beside you, "why is BrokenStar in a bad mood?"

"I think it's because of your lost Brother and Sister." You quietly mewed, "but anyway how had your training been doing?"

"It been amazing! ClawFace showed me and LionPaw the territory along with BrokenStar today," he jumped around in excitement.

You purred in amusement at his actions, "that's great! I'm sorry I

couldn't join you I was busy helping YellowFang collect herbs along with RunningNose."

"It's fineY/W/N, I wonder what Clawface is going to teach me next."

"Maybe how to hunt, I mean you have to hunt for the clan," You mewed, "and this time I'll join you and your brother."

"Yes! Me and LionPaw won't let you down!" He meowed proudly, "however maybe we should go to sleep for tomorrow."

You gave a small nod, said goodnight and left for the leaders den to BrokenStar, he was staring at the wall of the den, "hello, Y/W/N." He shifted his tail for you to lay beside him, he didn't say anything else before he fell asleep. You sighed quietly before nuzzling him and also falling asleep.

You woke up early to see BrokenStar looking up at the rising sun, you quietly stud up and padded up to him and sat beside him, "Why are you up so early?"

BrokenStar just shrugged, "I don't know, I guess I was just thinking..." you sat in silence for a moment.

"Why did you do it?" You asked.

The Tom looked at you, "what do you mean?"

"You know what I mean," you mewed slightly annoyed, "why did you drive out WindClan without my knowledge?"

BrokenStar sighed and looked into your E/C eyes, "I did it out of anger, seeing that our sons became apprentices, and how our first litter was killed by one of their warriors, so I along with Some other ShadowClan warriors drove them out..."

You gave him a soft smile, "I know that your still upset that our first litter didn't make it to apprenticeship, but you have to move on, that what they want us to do and you know their watching over us, LionPaw and EaglePaw.

BrokenStar returned the smile, "yeah, your right, but what about

WindClan?"

"I don't know, maybe ThunderClan will find them since they were the ones who were the most furious with your actions." BrokenStar laughed nervously before watching the sun rise with you.

~•TimeSkip•~

You were out of camp, watching your sons learning how to catch prey with Clawface and BrokenStar, "right before we catch any prey you have to learn how to Stalk your prey," Clawface meowed, "we want both of you to try your hunting crouch, and then we'll show you how it's done."

LionPaw dropped into his crouch, however he kept putting his weight on one side, when EaglePaw tried he had his tail drooping, making it sway on the ground, and his body wasn't low to the ground.

"Not bad, but LionPaw you cant put all your weight on one side." BrokenStar told LionPaw.

"And EaglePaw, your tail has to stay strait so the prey can't hear you, and your body has to be lower." Clawface meowed.

The two brothers understud and tried again, this time LionPaw balanced his weight and EaglePaw kept his tail strait and lowered himself more to the ground.

"Well done you two," you mewed, your sons smiled happily at you, proud of their hunting crouch.

"Yes, that was much better." BrokenStar meowed, "I think your now ready to hunt some frogs, they can be anywhere around here from the territory being murky."

"Right you two go off and try and catch some prey." You mewed, they have a small nod and raced off to catch prey.

Clawface went off to watch EaglePaw, BrokenStar told you to follow him so the two of you can watch LionPaw. You and BrokenStar hid behind a large bush to watch LionPaw, he saw a

frog and quickly went into a hunting crouch, slowly he stalked forward and once he was close enough, he used the power in his back legs to leaps and he swiftly caught the frog.

"He's great isn't he?" BrokenStar whispered.

"Of course he is," you responded, "I'm gonna see how EaglePaw is doing." BrokenStar nodded as you crept away, as soon as you were a good distance, you padded a bit quicker, to try and find EaglePaw.

Once you saw him you hid in the tall grass that covered the murky ground, it already looked as if he had caught a frog, however he saw another one he went into his hunting crouch but didn't straiten his tail causing it to drag on the floor and alert the frog, which quickly escaped, EaglePaw tried to chase it but lost the slimy creature.

"Not bad, EaglePaw but you forgot about straitening your tail." ClawFace meowed, as he appeared from the bushes.

"He's right," you mewed, also revealing yourself, "however you did catch something so that's a win."

"Now let's get back to camp, BrokenStar and LionPaw must be back by now."

Back at camp, BrokenStar was praising LionPaw, who had two frogs beside him, "well done LionPaw, now place your prey in the fresh-kill pile." The pale cream tabby nodded and went to the fresh-kill pile.

He saw you arrive back with EaglePaw and ClawFace, "welcome back, how did EaglePaw do?" He looked to see that EaglePaw has only one frog in his jaws.

"He did well, however he could of had two frogs if he didn't forget about straightening his tail," Clawface mewed.

"Well go and place your prey in the pile, and rest with your brother." The brown tabby nodded and left, Clawface went to find Rowanberry, and you followed BrokenStar to the leaders den to get

some rest.

~•🌿Chapter 13🌿•~

[image]

Few moons have passed...

"Well your training is done, you have completed your assessment and we will decide if you'll become warriors." BrokenStar meowed, your sons looked excited to become warriors.

"Let's go back to camp and decide," Clawface mewed, walking in front with EaglePaw and LionPaw walking confidently, prey in their jaws. You sighed calmly, intertwining your tail with BrokenStar's. The two of you walked side by side, pelts touching

"I'm proud of them," you mewed, "they've come so far and they've caught enough prey to complete their assessment." BrokenStar smiles down at you and gave a small nod.

"I'm very happy that we have a happy family," BrokenStar whispered and licked your cheek.

By now the two were back at camp and BrokenStar left to talk with ClawFace, just then your two sons came up to you, "do you think me and LionPaw will become warriors?" EaglePaw mewed.

"Of course you two will, you've been great apprentices and you'll be amazing warriors," you mewed, smiling at the two, they bounced around happily until BrokenStar called for a clan meeting.

You stud up to sit in front of the crowd, along with LionPaw and EaglePaw. "We have two apprentices ready to be warriors, they have done so well in their assessment, LionPaw and EaglePaw step forward!"

The two padded up confidently their tail's held up high, "I ask for my warrior ancestors to look down on these apprentices. LionPaw and EaglePaw, to you promise to uphold the warrior code, to protect and defend this clan, even at the cost of your life?"

"I do," they said in unison.

"Then by the powers of StarClan, I give your warrior names, LionPaw from this moment on you'll be known as LionClaw, StarClan honours your Bravery, and EaglePaw from this moment on you'll be known as EagleWing, StarClan honours your Courage!"

"LionClaw! EagleWing!" The clan cheered, once the clan was dismissed it was getting late, however you wondered if your mother would be up, you sighed and just decided to sleep, this time you slept in the Warriors den.

~•TimeSkip•~

It was early sunrise, and only a few clan members were awake, however BrokenStar wasn't, so instead of waking him up you left alone to go hunting, but in the distance you saw a ginger cat and a grey cat. You came up to them, "what are you two doing so close to the boarder?" You meowed, a little harsh. You realised that It was FireHeart and GreyStripe.

"BlueStar has asked us to find WindClan, since BrokenStar drove them out a few moons back," FireHeart mewed.

You sighed, "well being them back, their my home clan and BrokenStar only drove them out from one of their warriors killing my kits..."

FireHeart and GreyStripe looked at each other in surprise, "I'm sorry about that," GreyStripe mewed quietly, you sighed again.

"It's fine, at least their in a better place, but you two should really get going." They nodded and left.

"Who were they?" You heard a voice from behind you, it was LionClaw and EagleWing.

"Their going to find WindClan as it's my home clan, but as you probably heard one of their warriors killed your brother and sister."

"Wait but if your blood is WindClan and BrokenStar's blood is ShadowClan, then that means..." EagleWing trailed off and looked

at his brother.

"We're half-bloods," LionClaw meowed, you sighed.

"Yes, yes you are, but you arriving here is perfect timing since I never got to take you to twoleg place, were my mother now lives after A GreenCough outbreak that killed most of my family."

LionClaw and EagleWing looked at each other and shrugged, but Followed you to twoleg place, "Y/M/N?" You called.

In a few seconds, your mother leaped onto the fence and on the grass, "hello Y/W/N, what bring you here?" Her eyes laid upon LionClaw and EagleWing, "and who are these two behind you?"

"Mother, these are my sons, LionClaw and EagleWing," you mewed, you saw a smile appear on her face.

"I'm so proud of you, your other kits were killed however you moved on and had two powerful and brave sons, who HollyKit and LarkKit watches over in StarClan."

~•TimeSkip•~

After WindClan was brought back, you took BrokenStar to WindClan to apologise to TallStar, once in WindClan you and your mate gained hateful glares however MudClaw snarled in hatred as you appeared, with BrokenStar by your side. You ignored him as TallStar was on the high rock.

"What are you doing here?" He spat, he mostly glared at BrokenStar.

"Please TallStar, BrokenStar is here to apologise for driving you out," you pleaded, TallStar looked at him suspiciously.

"Well if that's so, come into the leaders den BrokenStar so we can have a talk." BrokenStar gave a small nod and padded over to TallStar's den.

You sat in the clearing alone, however you felt MudClaw's Stare in you, causing you to shiver, you turned around and saw MudClaw right in your face, you yelped in surprise, earning a chuckle from

MudClaw.

"So did you come here for that flea bag to apologise, or did you really come back for me?" He spoke in a dark ominous tone. Some WindClan warriors were watching in the distance and they listened in.

"Of course not!" You spat, you realised TallStar standing on the high rock with BrokenStar listening in, "you killed my first litter!" You yowled, the clan went silent.

BrokenStar then leaped down and jumped in front of you, "stay away from her you murderer!"

"F-first litter?" He growled, "if you had another litter, I'll kill them too," he grumbled.

"Enough!" TallStar yowled, he looked at you and BrokenStar, "I see what BrokenStar meant and he did have a good reason to drive us out, he wanted his second litter to be safe, away from you!" He growled at MudClaw.

"Y/W/N, BrokenStar, I suggest you leave," TallStar meowed, you gave a small nod and left WindClan camp with BrokenStar.

"What did you tell him?" You asked.

"I decided to have a plan, that I will tell him what MudClaw did and we would sit on the high rock to watch MudClaw her close to you, I purposely left you so my plan would work and now, his clan knows about him murdering our fist kits."

"That's smart," you mewed, and licked his cheek, he looked down at you and smiled warmly.

"Thank you for playing along, it's as if you read what I was planning, maybe were closer than we thought." He mewed lovingly, the two of you arrived back in camp, explaining what happened.

~•🌿Chapter 14🌿•~

[image]

You were at the Gathering, mainly thanking FireHeart and GreyStripe for what they've done to bring WindClan back, until the call of the leaders interrupted and every cat went silent to listen, like always prey was running well and the announcement of your sons becoming warriors, to which everyone was congratulating them.

"That's wonderful news BrokenStar," TallStar mewed, "however I've brought some new that every clan should be aware of." Everyone looked on concerned, you looked over at BrokenStar, his eyes lit up with interest. "Our Warrior MudClaw had been exiled for the trouble he has caused for ShadowClan over the few moons," the black and white Tom grumbled, "so if anyone sees him in their territory, I suggest you drive him out or kill him on sight."

Once the Gathering was over, you were surprised yet relieved to hear that your worst nightmare has been exiled from WindClan, when you were thinking about what you heard, you didn't realise BrokenStar was walking beside you, "hello? Earth to Y/W/N...?"

You snapped out of your thoughts and looked at BrokenStar, "yes, I'm Fine, umm what's wrong?" By now you were back in camp, so BrokenStar sat down in the middle of the clearing, you followed his actions and looked into his amber eyes.

"Are you ok? You seem to be distracted..." he murmured.

You smiled warmly at him and nodded, "yes I'm fine it's just..." you trailed off, BrokenStar was still listening in intently, "I'm Just relieved that MudClaw has been exiled, but don't you think he'll stay near ShadowClan?"

BrokenStar looked at the stars glistening in the night sky, "well if he dares come across this clan, we will kill him in the shadows."

~•TimeSkip•~

"Are you sure you want to retire, YellowFang?" BrokenStar looked down at his mother from the High Rock, the old she-cat gave a small nod.

"Yes, I have served the clan well, and I want to finally put my self to rest," Yellowfang meowed, the clan looked at the medicine cat with understanding looks, BrokenStar sighed.

"Well, if this is what you want then the clan honours all the service you've given us, and I call upon StarClan to give you many seasons of rest."

"YellowFang! Yellowfang!" The clan cheered for the She-cat's service and help.

"And now we have some apprentices to make, LittleKit, WebKit and BrownKit, step forward..."

"LittlePaw you'll be training under the medicine cat code, your mentor being RunningNose, WetPaw your mentor is Boulder, BrownPaw your mentor is StumpyTail."

Once the clan was dismissed, you decided to go out and hunt alone, however when you were out, you realised that their was a dark tabby Tom on ShadowClan territory, more muscular than MudClaw, so then who is it?

He looked at you, realising who you were and darted off, you growled under your breath but kept to yourself and kept hunting. Once you finished, you picked up your three frogs and went back to camp, after you placed your prey on the pile, you rushed over to where BrokenStar and BlackFoot were.

"What's wrong Y/W/N? You look a bit concerned." Your mate meowed.

You looked off in the distance, "I saw some cat on our territory," BlackFoot growled, BrokenStar giving you a serious look.

"What did he look like?" He demanded.

"It was a dark tabby, muscular with amber eyes, so it can't be MudClaw."

BrokenStar took a small sigh in relief, "but we have to keep alert, we'll double the patrol's."

~•TimeSkip•~

After a few moons, a sickness has now flood through the camp from the carrion place. CinderFur, NightPelt, BrightFlower, LittlePaw, WhiteThroat, BrokenStar, BlackFoot and RunningNose have caught it, and YellowFang has had to try and take over.

You wanted to stay with your mate, but because of the sickness, you can't. You looked into the leaders den and gave a small sigh and went over to EagleWing and LionClaw, "how are you two?" You mewed.

"Were worried for BrokenStar," LionClaw murmured.

EagleWing looked at his paws, "were worried for the whole clan, we are going to loose Clan mates."

You gave a small nod, "it's not easy, but I'm sure YellowFang will find something out," you looked around for a moment and then turned back to your sons, "have you see LittlePaw and WhiteThroat?"

"We haven't seen them for a couple of days now," EagleWing meowed, you gave a small sigh.

"I'll have a look around, stay here and keep an eye on BrokenStar." They gave a small nod as you left camp.

You were near the ThunderPath, that was when you saw a body on ThunderClan territory, you squinted your eyes to get a better look to see it was RunningWind, with WhiteThroat over him. FireHeart then yelled at the black and white Tom, which caused him to panic, run over the thunder path, and killed by a passing monster.

You backed off a little, only to realise TigerClaw from ThunderClan confront the ginger Tom, along with MudClaw and a couple of

unknown rouges.

You decided to take a run back to camp to go get help...

A/N: I know it's a bit shorter than normal chapters however I'm possibly going to publish another chapter a quickly as I can

~•🌿Chapter 15🌿•~

Once you got back to camp, you called your sons over, also catching the attention of the other cats around. "TigerClaw and MudClaw are attacking ThunderClan in our territory with some rouges!" You meowed from the entrance, "since BrokenStar and BlackFoot are sick, I want LionClaw, EagleWing, RowanBerry and ClawFace to help ThunderClan!" The chosen cats gave a small nod, and followed you to the ThunderPath, once ShadowClan were close, you screeched to attack. Everyone leaped into battle, and RiverClan also came to ThunderClan's aid.

Once TigerClaw, MudClaw and the rouges were chased away, you noticed LionClaw staring at one of the ginger she-cat's, however you shrugged it off. "Thank you Y/W/N, for helping ThunderClan along with RiverClan." FireHeart mewed.

"It's no problem, if they ever attack again you can trust ShadowClan to come to your aid." FireHeart and his patrol left for camp, RiverClan said their thanks and also left. "Alright ShadowClan, lets go."

On the way back, you noticed LittlePaw making his way back to camp, "LittlePaw? Were have you been?" You questioned, the brown tabby looked up at you.

"Well me and WhiteThroat went to ThunderClan for help however they didn't help, however CinderPelt helped us fully recover and I've now got a mixture of herbs from her to help the rest of the clan!" He mewed, you stared at him in shock.

You then picked up your pace, "well what are we waiting for? Let's get back to camp!" You called, your clan mates followed closely behind, once back in camp, LittlePaw started working in curing the sick cats. However you saw Boulder walk up to you, a sad expression on his face.

"Y/W/N, BrokenStar has lost his first life, as soon as you came back he lost it." Your face became worried as you tried to go into the leaders den, however The grey tabby stopped you, "you should go in once LittlePaw has cured him." You gave a small sigh and nodded, walking away and decided to sit near the nursery.

You stared into the empty den, the only she-cat in there was TallPoppy, however she hadn't had her kits yet and she was still a few moons away, you always thought about having one last litter of kits, but you didn't know if BrokenStar wanted a third litter. You sighed to yourself, but noticed LittlePaw walk towards you a small smile on his face, "BrokenStar has almost recovered Y/W/N, the disease is gone from his body, he just needs some rest."

You gave a small nod and smiled, "thank you, we really do owe ThunderClan, now go and help the other cats." The young medicine cat nodded and padded away into the medicine cat. You just stared at the sky, wondering, if BrokenStar is really ok.

Once the sky darkened, you decided to finally get some rest, however before you stepped foot into the warriors den, some one called you, turning around you saw BrokenStar smiling, "how about you sleep with me in the leaders den?"

You happily nodded and intertwined your tail with his, and nuzzled into his floof as you walked over to the leaders den, once in you cuddled up with BrokenStar in the moss nest. "I saw you near the nursery, looking into it, is that what I think it means?"

You knew he was referring to another litter of kits, you shyly nodded, BrokenStar stared into your E/C eyes, "well I'm sure that someday we will have another litter~." Your mate purred in your ear, sending shivers up your spine.

"Oh stop it, you big fur ball!" You teased, swatting a paw over his ear and laughing, "let's get some rest," you yawned and laid close to BrokenStar, the dark tabby placed his tail over you.

"Love you Sweetheart~" he cooed.

"Love you too, Mouse-brain."

~•TimeSkip•~

After a few sunrises, the clan was back in good health, you were laying down on the high rock with BrokenStar, he groomed your fur as you talked about how some rouges attacked ThunderClan, and you sent out a patrol to help.

"Interesting, did you recognise any cats in the group?"

You swallowed hard, "umm, TigerClaw from ThunderClan and MudClaw." BrokenStar stopped grooming you, looking into your eyes.

"And they dare think they can set up in our territory?" He growled, you shook your head.

"I'm sure we'll drive them out, they don't belong here," you mewed, you noticed LionClaw stare at you when you said that, just as you were about to ask him what was wrong, a yowl erupted from the camp entrance, that when you saw...

The rouges!

You quickly leap into battle, you saw a white Tom with dark grey tabby markings, he locked his dark blue eyes with your E/C ones, without hesitation he leaped at you, however you quickly rolled out of the way and once he stumbled you took the opportunity to leap on his back and dig your claws into his shoulders, sending him away.

You frantically looked around for BrokenStar only to see a Ginger she-cat, over his limp body, her paws covered in his blood, you snarled at her in rage, but as she turned around to look at you, you saw that she has crimson red eyes, she smirked, "is this your beloved mate?"

"That none of your business!" You spat back, she just snorted.

"Well I'm sorry that we have to do this, I really am but it's MudClaws orders!" She screeched, leaping around you without hesitation, she pushed you to the ground, and dug her claws into your pelt, you yelp in pain, and tried to push her off but to no avail.

"Get off her Crimson, you've already done your job, killing BrokenStar," you heard a very familiar voice, you glared at him.

"MudClaw," you spat, "can't you just move on?!"

He glared at you and clawed your cheek, "I'm going to make you feel great pain, your son? Oh Crow has taken care of him." You stared at him in shock, which one, did he know that you have two sons?

"Get away from my mother!" You heard LionClaw yowl, he leaped at MudClaw pinning him down, alarmed Crimson let you go, to which you clawed her ears, snarling she retreated. LionClaw attempted to claw MudClaw's throat out, however A dark tabby pushed him off but retreated with MudClaw following close behind. "Are you ok Y/W/N?" LionClaw mewed, you gave a small nod.

"I am, but what about EagleWing?" You mewed desperately, you noticed that BrokenStar was recovering from his wound and yet another life lost. Then you noticed, a light brown tabby on the ground, limp you pad up to it, ears flattened. You then realised it was EagleWing, BrokenStar clumsily walked over to join you, in mourning their lost son.

LionClaw crouched down and nuzzled his brother, pain in his eyes but also anger, apparently the rouge Crow killed him, as the rest of the clan gathered around to mourn EagleWing, you leaned on BrokenStar's shoulder for comfort, the dark tabby sighed and leaned his head on your's.

~•🍃Chapter 16🍃•~

[image]

EagleWing was now being taken away to be buried by the elders, you sighed to yourself, even though it was the gathering, no one had slept from the rouges attacking and EagleWing's death. Before going to the gathering, you quickly left camp and grabbed some nearby blue bells, and carried them in your jaws. You waited for the elders to leave were they buried your son and sat by his grave, with a heavy heart, you placed the blue bells on the dirt and heavily sighed, you felt two pelts touch yours, on the left LionClaw and on the right BrokenStar.

"Don't worry Y/W/N, he's in a better place now," LionClaw whispered, "he'll watch over us with HollyKit and LarkKit in StarClan."

You leaned on BrokenStar's shoulder, LionClaw mover closer to your side, placing his tail on your shoulder to comfort you. After a moment of Silence to mourn EagleWing BrokenStar slowly stud up and looked at you and LionClaw. "Come on you two," BrokenStar sighed, "its time to go to the gathering."

~•TimeSkip•~

ShadowClan had arrived at the gathering later than usual, your trying to act positive, however the death of your son still weighed on your shoulders, you noticed DeadFoot walking up to you, you greeted him by giving a small nod as he sat down. "Hello Y/W/N, what took ShadowClan so long to arrive at the gathering?"

"Well rouges attacked ShadowClan, TigerClaw and MudClaw among them," you sighed, "everyone was having their wounds treated and, mourning this loss of EagleWing."

You started to shed a small tear, DeadFoot placed his tail on your shoulder, "it's ok, remember you'll get back at MudClaw someday!"

You smiled at him, thankful that he was the cat who acted like a father figure to you, "thanks DeadFoot, but were's AshFoot?"

"She has to stay in camp for a few moons, she's baring my kits." You smiled and congratulated him, you then looked around to see that RiverClan are nowhere to be seen.

That was until LeopardFur arrived at FourTrees with RiverClan, once the Gathering started LeopardFur sat next to the great rock, facing everyone. "I'll be speaking for RiverClan as our leader, CrookedStar has sadly passed away due to GreenCough."

"Then why aren't you up here with the rest of us?" TallStar mewed, LeopardFur flattened her ears.

"Well I'm not the new leader," Everyone gasped, you wondered why isn't she the leader, surely she is? She's RiverClan's deputy! "RiverClan's new leader will be arriving any moment now."

As she said that a dark tabby pelt emerged from the brambles, everyone stared in shock as the new leader of RiverClan, was TigerStar. You realised that MudClaw was behind him, along with the rouges that attack earlier today.

"T-TigerClaw, of ThunderClan?" TallStar sounded as shocked as everyone else, "What's going on here BlueStar?"

The blue she-cat kept her head low, "it's none of your business, RiverClan have turned their backs on us for bringing a traitor in their clan!"

TigerStar smirked. "I don't know what's so funny TigerStar, but you attacked my clan with your Rouges!" BrokenStar spat. You saw TallStar also angered, by the sight of MudClaw being in the clan all clans have turned their backs on RiverClan. Suddenly the moon was covered with clouds, lightning struck. "StarClan in angry! ShadowClan will be taking their leave."

"Us too, we don't want to communicate with RiverClan any longer!" TallStar growled, and left. BlueStar didn't say anything but she leaped of the great rock and signalled her clan to follow her back to

camp, ShadowClan then took off.

~•TimeSkip•~

After a few moons, the full moon was up, you just sighed, BrokenStar then sat beside you on the high rock. "I know you don't want to go to the gathering," he meowed, "but we have to, even if thunder, wind and shadow have turned their backs on the river." After a moment of silence you licked BrokenStar's cheek and smiled.

"Your right, all of the clans know that," you took a small pause, "I'm just wondering why LeopardFur would let TigerStar take over her clan." You stud up and left for camp to get ready for the gathering, BrokenStar followed close behind.

As everyone was at the next gathering, you noticed LionClaw looking over at one of the ginger cats in RiverClan, it definitely wasn't crimson however you saw that crimson was sat beside another ginger cat, being a Tom. "LionClaw? Can I talk to you a minute?" The lake tabby nodded and padded over to you, and sat down in front on you.

"What is it, Y/W/N?" He asked, you flicked your tail in annoyance at his happy behaviour.

"Who's the ginger she-cat over there?" You looked over at the ginger cat that LionClaw was staring at, she had white paws and a tipped tail, she had beautiful blue eyes and darker ginger flecks on her pelt.

"Ooh, that's Roxy, she's the beautiful daughter of Crimson and Flame," LionClaw sighed lovingly as he kept his warm, amber gaze on Roxy.

"Do you know the names of all of these rouges?" You meowed, trying not to sound angry.

LionClaw gave a small nod, he looked over at the white Dom with dark blue eyes that you fought in the attack, "that over there is Ice, the brother of Flame."

"Over near ice is Falcon, one of the strongest members in the

group." He mewed as he looked over at a muscular dark tabby, a large scar going across his face."

You looked over at the dark blue Tom, "and who's that?"

"Crow." He meowed, "and theirs Jinx." You looked over to see a dark grey tabby she-cat with three white paws, she has piercing yellow eyes.

"Well their all intimidating," you whispered to yourself , slightly shivering as you looked over at all of them, "well except for Roxy."

You glanced over at LionClaw who was now sitting with some ThunderClan cats, you were beginning to wonder how LionClaw even got all of that information, "better keep an eye on him."

Once the leaders started the gathering, TigerStar tried to link all of the clans together. "Are you crazy, TigerStar?" TallStar growled, "their's no way I'm letting my clan do that."

FireStar glared at the tabby, "I'm sorry but I'm not joining with RiverClan!" TigerStar snarled.

"What about you BrokenStar? Surely you'll accept to form TigerClan?" BrokenStar didn't say anything, he glared at his paws, and after a few moments of tense silence, he looked up.

"No!" He spat, "there's always been four clans and your not going to change that!"

~•TimeSkip•~

After the gathering, every cat was fast asleep, except for you, BrokenStar was sleeping next to you, his tail over you. Lifting you head up, you saw LionClaw walking out of camp. Carefully, you stud up and left the leaders den and followed your son to see were he was going.

You kept your body low, carefully padding across the murky ground and following LionClaw, that's when you saw Roxy on the other side of the Thunder path, lifting your head up you watched as LionClaw walked across the Thunder Path and nuzzle The ginger

she-cat.

How could he? Was he betraying his clan? Not attacking one of the rouges that injured his clan? You kept your composure and slowly made your way back to camp, once you were back in the leaders den, you crouched beside BrokenStar and licked his cheek.

The tabby smiled and placed his tail back over you, with a smile you finally went to sleep.

Once the sun rose, the clan was all up and doing their duties, however you noticed that LionClaw hadn't woken up yet. You made your way over to the warriors den, to see that LionClaw was the only one still asleep.

"LionClaw," you meowed. No response. You heavily sighed in annoyance and padded over to his nest, "LionClaw! Wake up!" You snapped. The warrior woke up, alarmed, "it's about time you woke up."

You left the den without another word, however you noticed that some warriors from ThunderClan were here, "please ShadowClan we need your help!" MouseFur meowed, "TigerClan is attacking WindClan and there's more rouges there than normal.

"Fine! We will help," BrokenStar called, "Let's go ShadowClan!"

Cats yowled and darted off, you followed with LionClaw and headed for WindClan territory.

~•🌿Chapter 17🌿•~

[image]

The battle was rough but TigerClan was beaten and had to retreat, however through the battle, you had sprained your front left leg, and a nasty wound on your flank. LionClaw only had a few scratches, however BrokenStar had lost another life, now on seven.

~•In battle•~

You snarled at Crow he snickered in amusement at your anger, "I guess someone's angry?"

"You killed my son!" You spat, "of course I would be angry!" You suddenly leaped at the dark Tom, gripping into his back and biting down on his right ear, he yelled in pain and rolled in his side, making you slip off his back. He clawed your flank, causing you to hiss but decided to play dead, when Crow thought he had won, you caught him off guard and leaped at his throat, biting down and killing him.

You spat the blood out of your mouth, and looked around for BrokenStar, there you saw TigerStar claw at his Throat, "I'll rip the rest of your lives away until you join TigerClan!" He growled.

You noticed that TigerStar was panting heavily, a few wounds on his pelt, you took this as an opportunity to dart under him and knock him off his paws, he hissed in pain, but from your actions your front left leg stated to hurt, however that didn't stop you.

You leaped onto TigerStar's back and almost took one of his lives until he threw you off, your back hitting the ground, and called a retreat.

~•back to present•~

You sighed as BrokenStar's wounds were being treated by RunningNose LittlePaw was our treating other cats along with

CinderPelt, SpottedLeaf and Barkface. You sighed, and looked up at the sky. Grey clouds were starting to form and a few raindrops fell down, you limped over to BrokenStar, who was now patched up with CobWebs. He greeted you, but saw you limping and he nasty wound on your side. "I think you should see one of the medicine cats."

You slowly shook your head, "some cats need more help than me," you mewed. You saw BrokenStar glare at you.

"As your leader I demand for you to see one of the medicine cats. Now." You rolled your eyes and shook your head, "RunningNose!" The black and white Tom came over. "Treat her wounds please."

The medicine cat gave a small nod and chewed up some marigold and placed it on the wound on your side. You didn't look at RunningNose, but you looked at Crow's body, the wound on his neck still bleeding, the crimson red blood covering the grass. Once your wound was patched up with Cobwebs, RunningNose looked at you, "I can't really do anything for your sprained leg, just rest and don't walk on it." You didn't even nod to show that you listened. as RunningNose left, BrokenStar turned his attention on you, "what's up with you?"

"I killed Crow, and I know he was the one who killed EagleWing, but it's against the code to kill." You mumbled.

BrokenStar just sighed, "look, you avenged our sons death, be proud of that. Knowing you killed Crow to stop the pain."

~•TimeSkip•~

Back in ShadowClan camp, everyone was preparing to attack RiverClan or, 'TigerClan' at FourTrees, BrokenStar growled to himself, you looked at him concerned. "What's wrong?"

"There trying to get rid of me, so that MudClaw can have you all to himself!"

You nuzzled him, "you know that won't happen, your clan knows that, WindClan knows that. Our love is too strong and if you ever

left me because of MudClaw, then I would kill myself to join you in StarClan."

He smiled at your words and looked down at you, "your right, I thank you for saying that." He took a moment and stud up, "now we shall go and meet up with the others to participate in this battle."

~•Yet another TimeSkip•~

At FourTrees, you stud beside BrokenStar, glaring at MudClaw, as he licked his lips, thinking about wining this fight. As it turns out, BloodClan has decided to help TigerClan in their domination. "Before we even start," FireStar yowled, "TigerStar has killed RedTail, tried to murder BlueStar and has killed countless members of ThunderClan, he has manipulated you rouges into helping him."

The main group of rouges looked at each other, and then back at TigerStar, "you promised us a better life," Crimson meowed, "and now you want us to help you after what you've done to ThunderClan, I would rather die than help you!"

The rouges then followed their leader over to FireStar's side, ready to fight for ThunderClan, WindClan and ShadowClan. You then saw BloodClan's leader think about what's he's heard. "How dare you turn on me!" TigerStar boomed, "BloodClan, Attack!"

None of them moved, TigerStar bared his teeth in annoyance. "I said attack!"

Scourge looked at TigerStar, "you don't give orders to BloodClan, I do, and now I think theirs no point to fight in your side."

"Traitor!" TigerStar yowled, as he leaped in to attack Scourge, after the attack went on for a few seconds, TigerStar was clawed open by Scourge, and his organs spilled out. You stared in shock, as TigerStar's lives all drained from him.

"You now have Three days to either die, or leave the forest, the choice is your's!" Scourge meowed, as he left with BloodClan. You noticed MudClaw and DarkStripe following behind.

The clan cats were standing there, dumbfounded. BrokenStar looked

at the rouges, Crimson looked back at him, guilt showing in her red eyes, "I'm sorry, for everything." She meowed, "there's no way you can forgive us, For TigerStar's manipulation."

BrokenStar was silent for a moment, the rest of the clan cats waiting for what he's going to say, "it's not your fault for doing this, even if one of your rouges killed my son I have decided to ask if you want to join our clan and into the fight."

Roxy looked over at LionClaw, the rest of the rouges looked at their leader with pleading eyes, Crimson nodded, "we accept," she mewed, "and we will help on the attack on BloodClan."

RiverClan left, however before LeopardFur left she announced her horrible mistake and will finally gain her nine lives. The other three clans cheered for her, before leaving to prepare for the fight.

When leaving for ShadowClan camp, you noticed TawnyPaw on near the Thunder path, do you lagged behind and waited for the rest of the clan to leave. You padded up to the calico she-cat, "what are you doing here, TawnyPaw?"

"I left RiverClan but I don't want to go back to ThunderClan, since I left to join my father," she murmured, "so I was wondering if I could be in ShadowClan?"

You gave a small sigh and turned around with a flick of your tail, to tell her to follow you. She followed behind, you could tell she was nervous.

Once back in camp, everyone questioned you and gave glares to TawnyPaw. BrokenStar looked at you, with a questioning look, "what have you brought here?"

"I-I want to join your clan BrokenStar, please." TawnyPaw mewed, BrokenStar just shrugged.

"Ok, you can join but you have to gain our trust, ok?" He meowed, the calico she-cat nodded, understanding.

With that around, seven cat joined the clan. The rouges and TawnyPaw will have to gain everyone's trust however you were

sure that they would be able to gain trust after the battle against BloodClan.

~•🍃Chapter 18🍃•~

[image]

It was time, RiverClan has joined LionClan. And the four clans united are standing in front on BloodClan, everyone has their eyes fixed on each other waiting for the move.

"BloodClan, Attack!" Scourge Yowled, the rouges screeched and ran at their enemy's.

"Attack, LionClan, Attack!" FireStar called, you leaped onto battle against a black Tom, seeing his large build you decided to use the dizzy tackle, since your smaller and quicker for your WindClan Blood. When the Tom tried to leap at you, you swiftly dodged and ran quick circles around him, trying not to bump into any other cat nest you.

Once the large Tom was dizzy and confused, you yowled and tackled him, raking your claws into his throat, slowly killing him.

Then a loud yowl caught your attention, LionClaw was having trouble with a Black and White Tom, with many scars on his pelt, your son was pinned down and the rouge was ready to kill him until you leaped at him, Claw unsheathed. Raking your claws over your opponent's ear and immediately pinning him down. LionClaw also helped pinning the BloodClan cat down before the both of you bit down on the enemy's throat hard until he choked to death.

LionClaw thanked you and left to go help Roxy, that when you realised that you couldn't see BrokenStar, frantically looking around, you saw him being attacked by MudClaw. You were about to leap in and help until a small she-cat somehow knocked you down, and pinned you, and clawed your cheek in the process. But not for long, and you easily push her off with your back legs.

You quickly rushed over to BrokenStar only to see him dead, MudClaw over him, paws soaked in your mate's blood. "If you were't born, everything would of been so much easier for me, you

took away everything that was important to me, and I will kill you how many times more!"

MudClaw rose his paw in the air to give another finishing blow, however you screeched at the top of your lungs and leaped at MudClaw, claws unsheathed. Quickly you leaped on his back in rage and clawed it swiftly, pulling out tufts of fur and causing the Tom to bleed. He hissed in pain and kicked you off, only to claw your pelt, and your ear, until you bit down on his cheek fur, to pull him down, pinning him.

He pleaded you for mercy, but without hesitation, you bit down into his throat, and held him their. Until his life finally slipped away, and your fear was finally over.

~•TimeSkip•~

After a brutal battle, LionClan was victorious, Scourge was defeated, BloodClan retreated and MudClaw was finally dead, you rushed over to BrokenStar, he lost a life but still fought until BloodClan was defeated. "A-are you ok?" You mewed, The dark Tom coughed and gave a small nod.

"Yes I'm fine, but were's LionClaw?" He asked, your eyes widened, however your fear quickly faded as LionClaw rushed over to you and BrokenStar, Roxy by his side.

"Were here," Your son meowed, nuzzling you reassuringly, he then looked down at the limp body of MudClaw, "who killed him?" You glared down at MudClaw's body.

"It was me, I killed him. But he had to die." The family stared at MudClaw's body for a moment, as the clan cats were starting to leave and recover, and to split into four clans again.

"It's over," BrokenStar meowed, his head held high, "MudClaw can't hurt us for many moons to come, he has taken the lives of EagleWing, HollyKit and LarkKit. But from Y/W/N's bravery, he can't hurt us or the clan."

~•TimeSkip•~

It had been a few sunrises since the battle with BloodClan, ShadowClan was thriving more than ever, as Roxy was baring LionClaw's kits, TallPoppy had her kits, and you, well in the medicine den, you were still recovering from your wounds, however you felt off, again.

"LittleCloud? Could you give me a quick check, around the stomach?" You mewed, slightly embarrassed, The small tabby gave a small nod, and placed a paw on your flank. After a few moments he looked into your E/C eyes and smiled.

"Well, lets just say, your having another litter of kits!" LittleCloud mewed happily, RunningNose yawned as he had just woken up.

"Another litter? I'm guessing this is going to be your last one?" The Tom grumbled, you nodded.

That when you heard BrokenStar rush in, "I heard everything!" He nuzzled you lovingly, "third and final litter."

"Yep, then I think I'll finally end my life as a warrior and retire..."

A/N: this is more short mainly because I published two chapters two days ago

~•🌿Chapter 19🌿•~

[image]

After a few moons, you have had your litter of kits, PoppyKit and AmberKit, you had your's a few sunrises early, as Roxy was still Pregnant with LionClaw's Kits. You looked at your two little she-kits, PoppyKit was a pale calico with bright blue eyes, AmberKit was ginger with pale orange paws, one being white along with her tail, she also has yellow eyes.

"Your kits are beautiful Y/W/N," Roxy mewed, you smiled at her.

"Your kits will be beautiful too, of course I'm not only saying that since I'm going to be there grandmother, but..." Roxy purred in amusement, "I know what you mean." LionClaw then entered the den, along with BrokenStar, The pale tabby nuzzled Roxy, and laid by her side.

BrokenStar sighed and looked at his third yet last litter, but then his eyes saddened as he looked at you, "are you really going to retire after these kits grow up?"

You looked into his warm amber eyes, "yes, however I could try and help out Roxy with her kits as much as I can."

"Really?" Roxy mewed, her eyes lit up as you said that LionClaw smiled as you gave a small nod.

"Yes, Really, there my sons kits so I might as well help them." That was when Roxy flinched in pain, realising this you ordered LionClaw to get RunningNose and LittleCloud, he quickly rushed out to get them. BrokenStar stayed with PoppyKit and AmberKit as you laid Beside Roxy, comforting her. After a few seconds, RunningNose and LittleCloud arrived to help.

~•TimeSkip•~

Roxy sat in her nest, tired, with four kits curled up beside her flank, all named. The Bright coloured she-kit with black stripes was called BrightKit, a Black she-kit with Ginger Spots was called HollyKit, A light brown tabby with black paws and ears was called LarkKit, and the last one was a Grey Tom with white paws and a ginger chest called RobinKit.

You realised that Roxy Didn't have much milk, so you decided to help feed the two toms, since you had plenty milk, LionClaw thanked you dearly and slept with Roxy in the nursery, BrokenStar sat beside you staring at RobinKit and LarkKit beside you, "you so kind, Y/W/N," he whispered and nuzzled you, "helping other take care of their kits."

"Hey, I'll do anything for future warriors of the clan."

~•TimeSkip•~

Once the sun rose, you stepped out of the nursery to stretch and grab something to eat, you padded over to the fresh kill pile and grabbed a small frog, eating it alone since BrokenStar was still asleep in his den, once you finished and the rest of the clan woke up, you realised that TawnyPelt was no where to be seen. You decide to look around the territory, only to see that a part of it was gone, with a few large monster's around.

You quickly padded back to camp to warn BrokenStar, "BrokenStar?" You murmured as you stepped into his den, the dark tabby yawned and looked at you, tired yet lovingly.

"Yes Y/W/N? Also why aren't you in the nursery?" You flattened your ears slightly.

"Well I couldn't find TawnyPelt so I looked around ShadowClan territory, only to see ThunderClan being destroyed..."

BrokenStar then narrowed his eyes, "I mean TawnyPelt mysteriously disappearing is serious however ThunderClan isn't our concern." You looked at your paws for a moment, gave a small nod and left for the nursery.

Once back at the nursery, you realised that PoppyKit and AmberKit were wining for you, and of course to be fed, and Roxy was eating some Borage leaves o help her produce milk, however you decided to help feed her two she-kits this time.

You tried to rest, however you couldn't take your thoughts off TawnyPelt, she was missing, yet BrokenStar didn't really seem to care you just sighed and threw your head back, letting out a sigh as the four kits around you suckled.

A/N I know it's really short but I tried to get this done tonight, but I shall announce that ThistleClaw x reader has now arrived, so if anyone reading this wants to read it, then feel free to! Just check it out on my profile!
